Wrongful death suit filed against teen's father

By JULIE MURPHY
Staff Reporter

The estates of Douglas Sparks and Alex Britt, two of the three 19-year-olds killed in Kenosha County, Wis., filed suit in the Lake County Circuit Court against the father of the third boy, Matthew Elliot, alleging wrongful death and negligent entrustment.

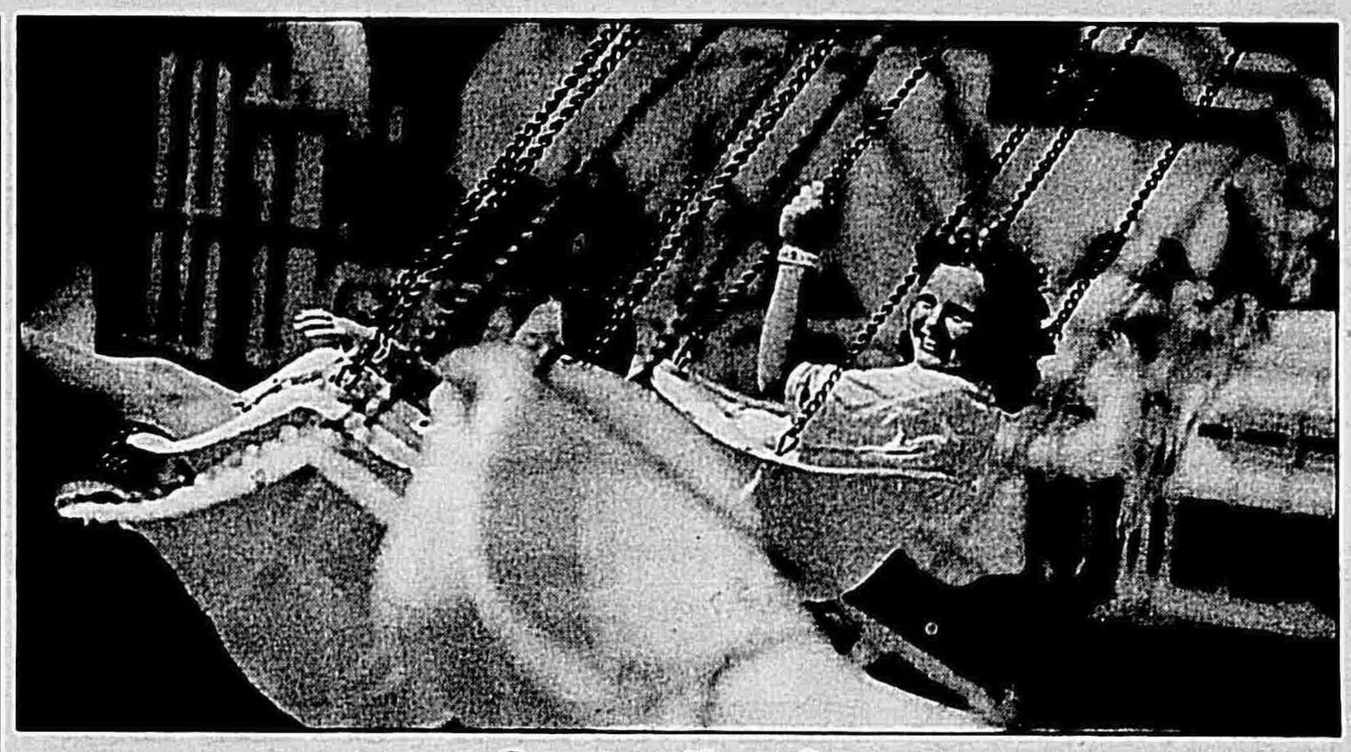

The plaintiffs' attorney, David Rosenfeld, said the suit alleges that Elliot was driving while intoxicated and lost control of his car, which was traveling at an estimated 100 mph. The car is believed to have become airborne when cresting a small hill north of the Illinois border. When the car landed, it left the roadway and slammed into a large oak tree, resulting in the deaths of the three teens.

The suit further alleges that Elliot had an alcohol and substance abuse problem that his father Brice Elliot knew of, and that the elder Elliot furnished his son with a sports car despite knowledge of the abuse problem and a poor driving record.

"Matt had been released from a treatment program a couple of weeks prior to the accident," Rosenfeld said. He added that Elliot's father knew his son had been in the program.

Rosenfeld said the heirs of Britt and Sparks had hired him. The heirs include Britt's 6-year-old son and Sparks' parents and siblings. According to Rosenfeld, Britt had been living with Sparks in Antioch at the time of his death. "I don't know where Matt Elliot was living at the time of his death," Rosenfeld said.

While court rules require that a lawsuit seek unspecified damages, Rosenfeld said he would ask for an award in excess of $1 million on behalf of each family "based upon the gross negligence of Brice Elliot and Matthew Elliot."

Board asked to reexamine plan

By JULIE MURPHY
Staff Reporter

At the last meeting of the board of directors of the Village of Antioch resident regarding Neumann Homes, resident Brent Gandolfi said, "We have a problem with our comprehensive plan. Fix the plan so (the Neumann Homes situation) doesn't happen again." Trustee Barbara Porch was listening and asked that reexamining the comprehensive plan be put on the agenda for discussion at the Aug. 6 meeting.

Porch asked that the village consider rezoning some of the property in the East Sub Area, such as the Elfering property, that is not part of the Northeast Lake Facilities Planning Area Special Service Area (NEFPA SSA) back into agricultural zoning.

Director of Planning and Zoning Bob Silhan said, "That's not what our comprehensive plan shows. Perhaps E-1 (the most restrictive under Illinois state statute) is more appropriate.

Settlement agreement discussed by board

By JULIE MURPHY
Staff Reporter

At the regular meeting of the board of directors of the Village of Antioch, resident John Horan asked village attorney Donald Anderson if he would care to make an opinion on the settlement agreement reached in 1992between the Anests and the village.

Anderson declined, citing the pending litigation between the village with both Deercrest and Neumann Homes that includes the Anest brothers.

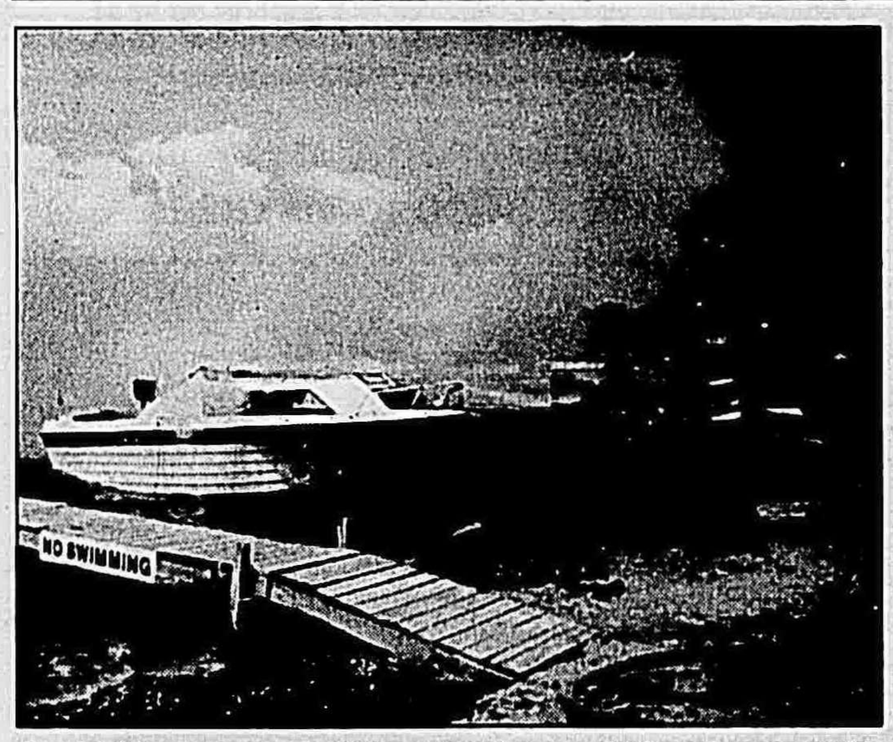

Horan then asked if the board would request an opinion from the state's attorney. Anderson responded, "I do not want to elicit an opinion that could be used against us." Anderson also noted that the state's attorney is representing Lake County in the Deercrest lawsuit.

Trustee Barbara Porch said, "The county is not involved with Anest." Anderson countered, "It does affect the Anest litigation."

Horan asked why the village was trying to procure easements from the Lake County Forest Preserve Dist. that now owns the Glick property, and not waiting until some aspect of the pending litigation is settled. "It is necessary for our obligation to that area, to the property owners who have been paying for the system."

Trustee Dorothy Larson made a motion to ask the state's attorney to look at the settlement agreement. But with three trustees absent, it would have taken a unanimous vote from the quorum for approval.

Later Anderson said there was nothing in the 1992 settlement agreement that would destroy the validity of the initial annexation of the Anest property in 1989. The settlement agreement was in response to petition put forward by the Anests to de-annex from the village. Anderson said, "It wouldn't take the property out of the village."

Smoke billows from a cabin cruiser that caught fire after an explosion July 21 on Lake Marie. Boat fires occur hours apart

By B.A. CARDONI
Special to the News

Antioch firefighters extinguished two weekend boat fires, including one that caused approximately $7,000 damage.

The fires occurred at 2:06 p.m. and at 5:28 p.m. on July 21 at the Sandbar Marina located at 40870 Douglas in unincorporated Antioch.

In the first incident, witnesses said a man leapt from a boat and into the shallow waters of Lake Marie just a moment before the boat was engulfed in smoke and flames.

Mike Navarrete was tending bar at Ynot At The Sandbar, which is adjacent to the launch area, when he heard the explosion. "I heard this big bang followed by yelling and a huge commotion," Navarrete said. "Everyone in the bar started to get up and go over to the window. I went to see why and I saw the smoke coming from the boat."

Navarrete and another man from the bar ran outside with a fire extinguisher. Their hopes of putting out the fire were dashed when the extinguisher ran out of chemicals.

"It was only a few minutes but the fire just got so big so fast," Navarrete said. "We really tried to help, we emptied a full fire extinguisher and luckily the fire department got here right after that."

Navarrete said a large section of the pier had been extensively burned. The explosion propelled several items that were on the boat, including a buoy, some seat cushions and a life preserver, into a neighbor's yard approximately 100 yards away from the scene. "There were about 100 boats gathered around the marina by the time it was over. People as far away as Blarney's Island and Flamingo Bay were coming in afterward to say they saw the fire and smoke from out there," Navarrete explained.

Antioch Fire Dept. information officer Chris Lienhardt said the fire caused about $7,000 worth of damage to the cabin cruiser and the pier.

Hours later, firefighters returned to the area for a second boat fire. "With the second fire, there was a mechanical problem. The boat was out and drove to the Sandbar when it started smoking," said Lienhardt. "I think we were only there about 20 minutes, and the damage was under $2,000."

The incidents underscored the need for boaters to operate their vessels safely.

"With the first fire, I think the owner forgot to turn on the blowers while filling the boat with gas. A buildup of fumes caused the boat to catch on fire and part of the pier," said Lienhardt. "There was potentially a risk to the pumps as well. The lesson here is that if you have blowers on your boat, use them."

Chicken barbecue and auction set for Aug. 5

By JULIE MURPHY
Staff Reporter

The 27th annual Antioch Lions Club chicken barbecue and Antioch Rescue Squad auction will be held on Aug. 5 in Williams Park and promises all the good food, good fun and good deals of the past 26 events.

"When the event first started the Lions Club was in charge of both the auction and the barbecue," said Antioch Rescue Squad chief Wayne Sobczak. "We took over the auction a few years later as all the proceeds went to us anyway."

'When the event first started, the Lions Club was in charge of both the auction and the barbecue'

Wayne Sobczak

The proceeds from the food sales go to the Antioch Lions Club to support the community projects and programs it supports. The Antioch Junior Women's Club assists with some of the day's events that serve about 3,000 people over the course of the day. The Lions Club will begin serving chicken at about noon.

The auction is broken up into three segments a treasure booth, a silent auction and a live auction. The treasure booth is made up of garage-sale type items. The silent auction has nice items and antiques, as does the live auction. "Doing things this way has streamlined the operations," said Rescue Squad president Steve Smouse. "It's a better way to run things."

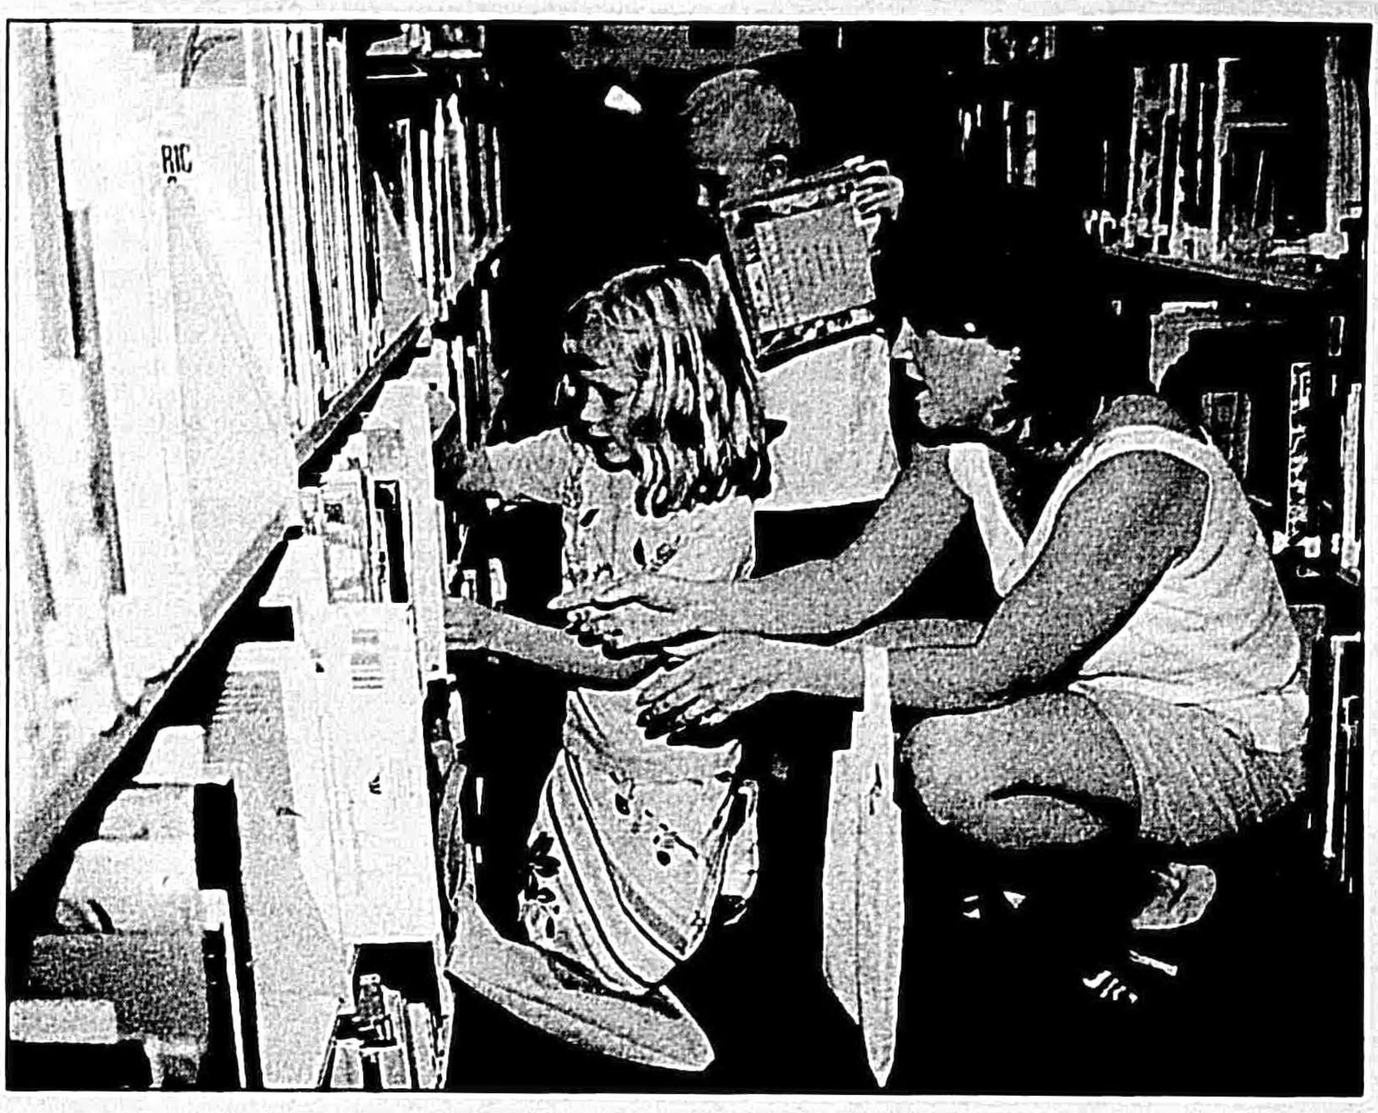

Some of the items that will be up for auction include antique furniture and sewing machines, new bicycles, four new curio cabinets and a pick up truck among other items. The Antioch Ace Hardware has donated a cane and wicker settee with glass-top table. Lyons and Ryan has donated a nice home barbecue grill.

"Mr. John Ruffian has donated a number of items including a new bike," said Sobczak. "We're also getting bikes from the Antioch Schwinn and the Piggly Wiggly."

There will be a new boat-type item that is used as a dock for a jet ski. The jet ski then powers the boat that can carry about six people.

"We usually get most of our items in the last week before the auction," said Sobczak, who indicated that the squad would still happily take donations.

Those interested in donating items for the auction should contact Smouse at 395-4017, Sobczak at 395-1010, Village Hall 395-1000 or the Township Hall 395-3378.

Antioch Public Library addition, renovation currently under way

Completion of $3 million project about 18 months away

By JULIE MURPHY
Staff Reporter

Within about 18 months, both the addition to and the renovation of the Antioch Public Library will be complete. Work on the addition is expected to take the next 12 months to complete and the renovation project an additional five to six months.

Lori Bruce, publicist and member of the Antioch Public Library Dist., said the remodeling project and addition is "a gateway to knowledge for business, for education and for pleasure." The revamped facility will have T-1 Internet lines, and the "user-friendly layout" will accommodate small groups for seminars and entertainment opportunities.

"The back door will be closed off as well as our parking lot," library director Kathy LaBuda said. "The village has been really nice and has taken down the no-parking signs along Williams." Additional parking for the library will be allowed at Williams Park and the swimming pool. Patrons are asked to use the front door of the library.

"Dr. Sona (whose office is near the library) does not want anyone parking in his lot, and the Coral Apartments have asked that no one park there," emphasized LaBuda. "Pickard China will allow people to park there as long as it's not for too long, and doesn't interfere with employee parking."

Library director

Bonds totaling $3 million have been sold, netting the library district $2,942,785.70 for the project.

"We've created (the Foundation for the Development of the Antioch Public Library) for our fund-raising," said LaBuda. Individuals, organizations or businesses interested in supporting the foundation should call LaBuda at 395-0874.

Being a friend of the Antioch Library District pays dividends

OUR TOWN

Julie Murphy

Simply put, books are our friends. They provide us with adventure, education and entertainment. We don't even have to go out and buy them; we can borrow them from the library.

For a nominal yearly fee, you can become an official friend of the library by joining the Antioch Library Friends. The purpose of this volunteer support organization of the Antioch Public Library Dist. is to enrich and expand the library's potential to serve the Antioch community.

According to the Friends literature, the group sponsors programs by underwriting free lectures, author signings and book discussion groups as well as sponsoring special events for children and providing the incentives for the children's summer reading program.

The group provides the library with volunteer hours for various events and activities.

Funds are raised through the Friends Book Corner that sells books donated by library patrons. Private and public partnerships are created to raise money for programs and materials as well as performing fund-raising activities for specific library projects.

Friends increases public awareness of the library's resources and services while contributing funds to expand its collections and purchase needed equipment.

Annual membership fees range from $5 for students and seniors, $10 for adults, $20 for families, $35 for book lovers, $50 for businesses and organizations to $100 for best friends. To apply mail your name, address and phone plus a check in the appropriate amount to Antioch Library Friends, 757 Main St., Antioch, IL 60002.

After you've become an official friend of the library, consider attending its fall luncheon Sept. 26 at 11:30 a.m. at the Colony House Restaurant in Trevor, Wis.

The invitation reads, "Bring a guest and a portable antique for an 'Antiques' Roadshow' presentation."

The $18 cost includes an entrée (choice of grilled chicken over pasta with vegetables, pasta tossed with vegetables or tenderloin tips over rice), tossed salad, coffee or tea, dessert, tax and tip.

The reservation deadline is Sept. 7 (checks should be mailed to the aforementioned address).

Depositions filed in ongoing Antioch sewer battle

By JULIE MURPHY
Staff Reporter

In the ongoing battle over sewer easements filed by Otto Sprenger and the limited liability company (LLC) Deercrest against Lake County, the Village of Antioch and the Forest Preserve Dist. since it has closed on the purchase of the Glick property, depositions are being taken by the plaintiffs for the purposes of discovery.

Marc Neuerman, a participant in Deercrest, LLC, said, "We have taken depositions from several people, and may take a couple more. There is a lot of helpful information in the depositions."

According to Neuerman, Judge John Goshgarian, who denied the county's motion to dismiss in June, is to set the next court date and added, "The (Lake County) Forest Preserves and the county have been dragging their feet...The county has another set of objectives."

A good portion of the material contained within the depositions discusses the differences between what Lake County may have intended to do and what it is legally obliged to do.

Among those who have been deposed are Martin (Al) Galantha, superintendent of public works for Lake County and a Lake County employee of 25 years; Robert Depke, former chairman of the Lake County board from 1990-96; Dwight Aaron Magalis, Lake County administrator for 22 years who now lobbies for Lake County as executive director of Metro Counties, a non-profit group; Karl Nollenberger, Lake County administrator for the past two years; and Judith Martini, elected to the Lake County board in 1994.

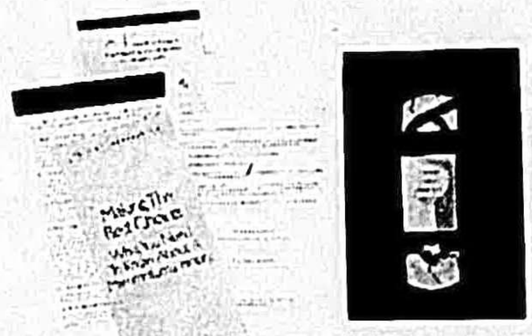

While most of the Lake County officials deposed hedge on what the county's responsibilities and obligations are, not everything is a matter to debate. The members who sit on Lake County's board are the same people who serve on the board of the Lake County Forest Preserves, 13 (of 23) of whom are reported to be the same today as in the early to mid '90s.

There is an establishing ordinance adopted by Lake County on Dec. 2, 1994, that created the Northeast Lake Facilities Planning Area Special Service Area (NEFPA SSA), often referred to as the special service area that includes the properties west of Rte. 45 and referred to as Antioch's East Sub Area. Later the Lake County board voted to amend the PEs (population equivalents) from 9,900 to 22,000 allowing for greater densities in that area.

There is an agreement dated Nov. 17, 1995, between Lake County and the Village of Antioch governing the properties west of Rte. 45. Galantha testified, "Antioch had an application before NIPCI (Northeastern Illinois Planning Commission proceedings, sic) to construct their own new treatment plant to serve this so-called east side of town. And after the hearing process was concluded, NIPCI and EPA (Environmental Protection Agency), for that matter, ruled that the area known as the Northeast Facility Planning Area was to be served by the County. And Antioch basically agreed to join us in development of that regional system."

At about the time of the establishing ordinance, Lake County solicited letters from landowners west of Rte. 45 that easements would be granted for the proposed system. When asked by the plaintiff's lawyer, Depke answered, "Letters were sent out for people that were interested in hooking up to the sewer, and then letters were sent for easements also." He added that these letters had gone to property owners both east and west of Rte. 45. He also confirmed that these letters were a form letter drafted by the county's attorney and sent on the county's behalf.

POLICE BEAT

Persons charged with a crime are innocent until proven guilty in a court of law.

ANTIOCH

DUI

Michael A. Fier Jr., 25, of 341 Grove St. in Mundelein, was arrested on July 21 on Rte. 59 at 1:50 a.m. for driving under the influence of alcohol.

Police observed a vehicle turn westbound on Rte. 173 from Main St. failing to use the divided right-turn lane. As it turned, the car traveled completely into the eastbound lane nearly striking an oncoming vehicle.

Police followed the car and observed it weave within its lane, cross the centerline and make an abrupt lane change at the Rte. 59 stoplight. The officer detected the strong odor of alcoholic beverage as Fier "fumbled" for his driver's license.

When the officer requested field sobriety testing, Fier became argumentative and refused. Fier remained argumentative when he was told he was under arrest for DUI.

He was transported to the Antioch Police Dept. where he was issued citations for an improper turn and DUI. Fier refused chemical testing and was issued additional citations for two counts of improper lane usage and for illegal squealing/screeching of tires.

Fier was placed in a cell when he refused to attempt to secure bond and transportation home. At 6:45 a.m. he was released on cash bond pending his court date.

Randall C. Schutt, 23, of 698 Main St. in Antioch, was arrested on July 20 at 11:24 p.m. on the 1000 block of Rte. 173 for driving under the influence of alcohol.

Police clocked a vehicle traveling 54 mph in a 40-mph zone. The officer turned around to follow the vehicle and observed it cross the centerline several times. As the officer spoke to Schutt, the strong odor of alcoholic beverage was detected on Schutt's breath. Field sobriety tests were requested with Schutt failing them all.

Schutt was arrested and transported to the Antioch Police Dept. where he was put through booking procedures and issued citations for DUI. He refused chemical testing and was issued additional citations for speeding and improper lane usage.

Schutt posted $300 cash bond pending his Aug. 21 court date.

Gerald W. Mehring, 37, of W4525 Remer Rd. in Elkhorn, Wis., was arrested on July 19 at 11:09 p.m. for driving under the influence of alcohol on Rte. 173 east of Talman.

Police observed a vehicle traveling with only one headlight. The officer turned around to follow the vehicle and saw it cross the yellow centerline.

As the officer spoke with Mehring, the strong odor of alcoholic beverage was detected on his breath. Mehring failed all field sobriety tests.

He was arrested and transported to the Antioch Police Dept. where he was put through booking procedures and issued a citation for DUI. Mehring agreed to chemical testing resulting in .237 blood alcohol concentration. He was issued additional citations for improper lane usage, DUI over .08, and having only one headlight.

Mehring was released on personal recognizance pending his Aug. 21 court date.

Revoked license

Frank E. Fagan, 32, of 386 Lake St. in Antioch, was arrested on July 21 at 1:31 a.m. on eastbound Harden St. from Hillside Ave. for driving with a revoked driver's license.

Police clocked a vehicle traveling at 45 mph in a 35-mph zone. While talking to Fagan, the officer noticed the front windshield was cracked.

Fagan told police he did not have insurance and that his driver's license was revoked. His identifiers were checked through LEADS/NCIC/SOS and confirmed Fagan's Illinois driver's license was revoked.

He was arrested and transported to the Antioch Police Dept. where he was put through booking procedures and issued citations for speeding, operating an uninsured vehicle, defective/cracked windshield and driving while revoked. Fagan was released on personal recognizance pending his Aug. 22 court date.

Suspended license

Mary E. Jorgenson, 41 of 248 Bridgewood Dr. in Antioch, was arrested for driving with a suspended driver's license on July 18 at 8:21 p.m. on Ida St. at Bishop St.

Police observed her vehicle turn from Main St. onto Ida St. without signaling. Jorgenson told police her signal did not work. Her identifiers were checked through LEADS and came back as being suspended through the state of Illinois.

Jorgenson was arrested and transported to the Antioch Police Dept. where she was put through booking procedures and issued citations for having no signal lamp, driving while suspended and the operation of an uninsured vehicle. She was released on personal recognizance pending her Aug. 8 court date.

No valid license

Edward R. Popelka, 36, of 28199 W. Wilmot Rd. in Antioch, was arrested for driving with no valid driver's license on July 18 at 8:44 p.m. on Rte. 173 east of Rte. 59.

Police observed the vehicle traveling with no headlights illuminated. Popelka told police he did not have a driver's license. The officer observed the windshield to be cracked at that time.

Popelka's identifiers were checked through LEADS/NCIC/SOS and came back with him having no driver's license. He was arrested and transported to the Antioch Police Dept. where he was put through booking procedures and issued citations for no valid driver's license, defective windshield and improper headlamps.

Popelka was released on personal recognizance pending his Aug. 22 court date.

Bridget A. Montano, 51, of 25 Arlington Lane in Fox Lake, was arrested for driving with no valid driver's license on July 17 at 9:13 a.m. on North Ave. at Anita.

Police clocked her vehicle traveling 51 mph in a 30-mph zone. Montano's identifiers were checked through LEADS and returned that she had an expired driver's license. She was arrested and transported to the Antioch Police Dept. where she was put through booking procedures and issued citations for speeding, having no valid driver's license and operating an uninsured vehicle.

Montano was released on personal recognizance pending her Aug. 8 court date.

LAKE VILLA

Aggravated assault

Michael J. Cromer, 50, of 6 Summit Terr. In Lake Zurich, was arrested by Lake Villa Police on July 21 at 1:15 p.m. on Rte. 83 at the south parking lot entrance of Prince of Peace Church. Police responded to a report of a traffic altercation. According to Cromer, he was driving his Harley-Davidson motorcycle northbound on the center line of Rte. 83 between two lanes of slow moving traffic. He was trying to merge with northbound traffic when he was struck by a tan sedan. He pulled a knife and, without opening the weapon, yelled an obscenity at the female driver of the sedan. He pulled into the Prince of Peace parking lot, followed by the tan car. When police arrived, they confiscated the knife as evidence and had the motorcycle towed. Cromer was charged with aggravated assault and improper overtaking on the left. He was released on a $1,000 bond pending appearance in Waukegan courtroom C-402 on Aug. 8 at 9 a.m.

Suspended license

David P. McKillip, 21, of 23215 Lawrence Rd. in Harvard, was arrested by Lake Villa Police on July 23 at 12:37 a.m. at Monaville and Cedar Lake rd. Police watching a four-way stop sign intersection observed him slow down but not stop at the corner. A check with Antioch dispatch showed McKillip's license was suspended for safety. He was charged with disobeying a stop sign and driving with a suspended license. He was released on an I-bond, pending appearance in Grayslake Branch III on Aug. 8 at 1:30 p.m.

SCHOOL DIGEST

Golf outing

The Antioch Educational Foundation of Dist. 34 welcomes golfers and non-golfers to the Annual Golf Outing held on Aug. 15, at the Antioch Golf Course located on Rte. 59 and Grass Lake Rd.

Last year the foundation raised about $12,000 (before expenses) from the golf outing. The money was used to pay for the world competition expenses for the 2000 Destination Imagination team, to pay for computer equipment and software, to establish a "prairie garden" at W.C. Petty Grade School, paid for field trips, funded Operation Snowflake, provided summer school scholarships and bought shelving for the band room.

Registration can be done through the mail by sending a check for $70 payable to the District 34 Educational Foundation, 10 Henning Court, Antioch, IL 60002. For dinner registration only (6 p.m. at the golf course), mail $25 per person.

USSSA tourney July 27-28

Lake Villa Youth Baseball will be hosting the McHenry USSSA Conference Tournament July 27-28 at the Lake Villa Baseball Field off Grass Lake Rd. in Lake Villa.

The double-elimination event will feature 11-year-old teams from Vernon Hills, Woodstock, Algonquin, Richmond, Cary, two teams from McHenry and, of course the Lake Villa Lightning.

The Lightning, managed by Rich Coles, will play the McHenry Hurricanes July 27 at 8 p.m... followed by a game at 11 a.m. July 28.

PUBLIC NOTICE

The Loon Lakes Management Association Annual Meeting will be held on Saturday August 18, 2001 at the West Loon Lake boat launch. The property is located at the corner of Villa Rica Rd. and Grass Lake Rd. It is just east of Route 83. The time of the meeting will be from 11:00 a.m. until 3:00 p.m.

The meeting will consist of a regular business meeting at 1:00 p.m. Also the election of the following officers will take place: Vice-President, Secretary, and two At-Large Directors. The election polls will be open from 11:00 p.m. until 3:00 p.m.

Also hot dogs and hamburgers will be served to the residents of Special Service Area 8 and their families.

Anyone who owns property within Special Service Area 8, in and around Loon Lakes, is encouraged to come and cast their vote, and to participate in the other activities.

Ring it up!

Fox Lake's Wanda Sconce was off work July 20.

Didn't matter - it certainly paid off!

Sconce had heard about the second annual Miniature Golf 'Hole-In-One' contest, held at America's Action Territory Miniature Golf Course, located off of Hwy. 50 in Kenosha.

"I saw the contest on WIIL Rock's web site," she recalls.

Wanda Sconce

Sconce, who has rarely ever touched a golf club in her life, made the shot she needed when it counted.

It came on the three-tiered 12th hole.

Not knowing which hole to hit it in, Sconce smacked her putt. The ball trickled down the far right initial hole.

"I wasn't sure which one of the first holes to hit it in. There were three," she said.

It turned out to be the right one, literally.

"I looked over to the green. All I heard was a bunch of commotion," Sconce said. "I was shocked and couldn't believe it when it went in."

For her efforts, Sconce was rewarded with a check for $5,000.

It's even more ironic given the fact that Sconce hardly ever plays.

"I think I played miniature golf with my father when I was young," she said. "The kids and I have played a few times but we end up quitting midway through because they get frustrated."

Sconce was one of 50 finalists who took a shot at the big money. James Jones of Milwaukee won a Sony Play Station II after getting 'closest to the pin.'

The event was co-sponsored by Pepsi-Cola and WIIL Radio 95.1 FM and was broadcast live that morning.

"Between WIIL's on-air giveaways and people trying to get involved via their web site, we had close to 1,000 people. But we closed the entries at 200," said John Prue, the event's coordinator. "We're looking at doing this again next summer. The response was incredible."

High school athletes, don't forget about those physicals!

Condell Medical Center's Sports Medicine Department is offering two options: July 28 from 12-5 p.m. at Grayslake High School and Aug. 4 from 12-5 p.m. at Vernon Hills High School.

Appointments are taken on a first-come, first-serve basis with the cost being $35.

Under the direction of Joel Press, MD, the physicals will specialize in spine sports and occupational rehabilitation.

Condell's physicals also include checking for scoliosis because high school athletes are growing and their spine is most likely to curve.

Parents of the athlete do not have to be present but the IHSA requires the guardian's signature on the form, which is provided by Condell, to be signed before the athlete turns it in to their respective school. Condell currently provides athletic training and sports medicine-related services to 10 Lake County high schools: Carmel, Grayslake, Mundelein High, Vernon Hills, Grant High, Trinity International University, Lake Forest College and College of Lake County.

QUESTION OF THE WEEK:

Who were the last two Chicago Bear running backs to rush for over 1,000 yards in a season?

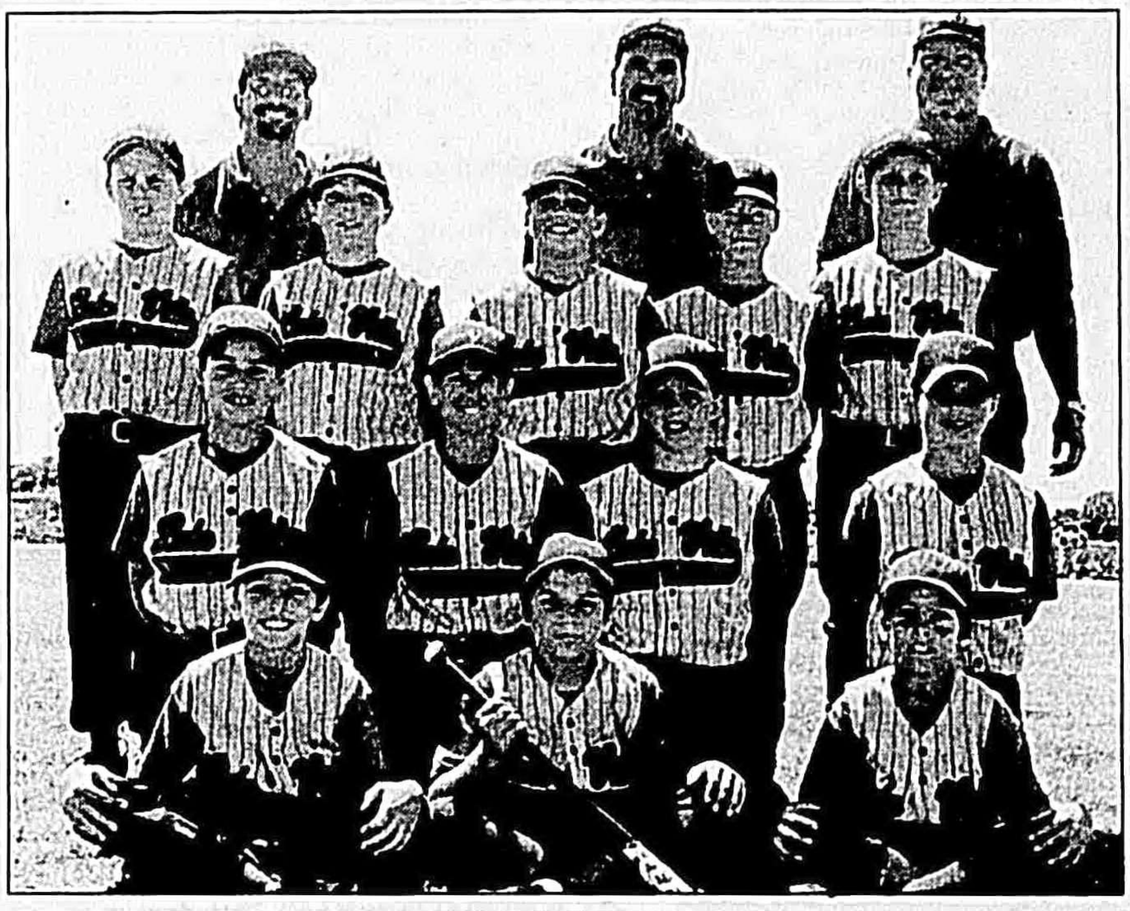

Answer to last week's question:

Dwight Smith and Jerome Walton were 1-2 in the Rookie of the Year voting in 1989. Walton, who had a 15-game hitting streak to his credit that year, nudged his teammate for the top honors.

Lake Villa Tigers show they belong

By JOHN PHELPS
Sports Editor

The Lake Villa Tigers 10-year-old baseball team concluded its season by finishing fourth in the AABC regionals of the state series. The Tigers include, front row, from left, Michael Bergstrom, Matt Romani and Matt Bergstrom. Second row, from left, consists of Ed Ballaron, Ryan Thorsen, Travis Vanderwall and Kyle Sytsma. Third row, from left, is Brendan Letto, Alex Keenan, Matt Nussbaum, Matt Arends and Justin Hotle. It's not how one starts, but how one finishes that can make all of the difference.

After starting the season 0-8, the Lake Villa Tiger 10-year-old baseball team found the formula for success, finishing the campaign 24-23-1.

"We were very satisfied given we got off to a bad start," said head coach Don Bergstrom. "These guys showed tremendous improvement. Most of the team was in its first year of playing. The support from the fans and parents was also terrific."

Among the teams accolades this year included a third-place finish in the Lake In The Hills tournament followed by a fourth-place effort in both the LaGrange and Vernon Hills tourney's. The Tigers also had a seven-game winning streak during the course of the year. Lake Villa also defeated the highly-regarded Schaumburg Seminoles.

"Defense was key for us," added Bergstrom. "It helped too that we played a lot of top competition."

Anchoring a stingy defense included catcher Matt Nussbaum, second baseman Matt Romani, also the lead-off hitter, shortstops Travis Vanderwall and Mike Bergstrom, third baseman Matt Bergstrom and Brendan Letto, and outfielders Matt Arends, Justin Hotle, Alex Keenan, Ed Ballaron and Kyle Sytsma.

A solid pitching staff was led by main ace Ryan Thorsen, Vanderwall, and Mike and Matt Bergstrom. Arends and Hotle were also solid in relief.

According to coach Bergstrom, most of the squad will return next season to play on the 11-year-old team.

The Tigers concluded the season with a fourth-place effort in the American Amateur Baseball Congress (AABC) state series. It finished 2-2 in the eight-team event.

Behind strong pitching efforts from Matt Bergstrom and Matt Arends, Lake Villa downed Wauconda 11-7 in first-round action. Wauconda is another one of the top teams in the area but the Tigers had their number, beating them four times this season. Ryan Thorsen had two triples and Mike Bergstrom added an RBI double to spark the offense.

Then, Alex Keenan's diving catch saved a couple of runs but the Tigers fell to Lake In The Hills 7-3.

Lake Villa rebounded, though, with a 14-6 drubbing over the Edwardsville Tigers. An eight-run fourth-inning keyed the victory. Mike Bergstrom tossed four innings while Ryan Thorsen hurled the final two. Offensively, Matt Romani had a double and Travis Vanderwall had a key sacrifice in the fourth to propel the Tigers.

In the final game of the tournament, the Tigers fell to Springfield 8-0. In the losing effort, Lake Villa turned two 7-6-5 double plays, which featured Justin Hotle, Mike Bergstrom and Matt Bergstrom.

Springfield and Rockford both qualified for the AABC regionals in Michingan. From there, the top-2 qualify for the World Series in Knoxville, Tenn. later this summer.

The team's success hinged on good coaching, led by Don Bergstrom, Wade Vanderwall, Pat Thorsen, Matt Hotle and Dan Romani, who serves as statistician and scorekeeper.

Anyone interested in trying out for the 2001-02 11-year-old team should call 356-1727. To to eligible, players can not turn 12 before August, 2002. Tryouts are slated for early September.

An IABC state meeting is also scheduled for Sept. 9 at the Gurnee American Legion. Anyone interested in bidding for future tournament sites should attend. Practice starts in October. Team members work on hitting 1-2 days a week at Pro Cuts in Antioch.

Sectionals next for Antioch youth softball team

By JOE PRUSKI
Correspondent

Girls 9-and 10-year-old Triple A softball in Antioch is alive and well and looking to make a name for itself at the state level.

The team, coached by Steve Schoenfelder, John Cook, and Lori Bruce, has put themselves in position to qualify for the state tournament if they can win their sectional this weekend in Norridge.

The Triple A Antioch girls 9-10-year-old All-Star softball team includes bottom row, from left, Lauren Hall, Jennifer Precht, Heather Bednar, Carly Raymo, Kirsti Crichton, Kaley Lindstrom and Alyssa Cook. Second row, from left, consists of Ann Bruce, Becca Huebner, Angela Marescalco, Claire Anastos, Alley Antilla and Erin Schoenfelder. Back row, from left, includes coaches Lori Bruce, John Cook and Bill Anastos. Not pictured-head coach Steve Schoenfelder.

Among their strong showings this season they have two first-place finishes. Last weekend, Antioch finished first at the Richmond tournament. It also won the district tournament in Mundelein that qualified them for Norridge.

Among the numerous players leading this year's squad include Kirsti Crichton who pitches and plays second base, and Angela Marlescalco, who also pitches and plays first base. According to coach Cook, both are offensive leaders.

However, offense is not what makes this team tick - pitching and defense wins ballgames.

"Pitching is our strong suit," said Cook. "We have seven very good pitchers whereas other teams only have one or two."

By comparison, this year's team has been one of the better squads in the leagues history, being only the first team to win a district title.

"That shows that the program in Antioch is greatly improved this year," commented Cook.

Much of the programs success can be attributed to the coaches. The style of coaching has changed this year compared to past year's in that fundamentals are becoming more and more a priority.

"We teach all the girls the same way now," said Cook. "In the past we've let the individual players play their own way, this year we teach them all the same."

The Triple A girl's 9-10-year-old league will travel to Mundelein this weekend to take on the winner of the western district.

Character-building season for Lake Villa Indians

By WESLEY WARD
Correspondent

In all team sports, coaches and parents alike always stress teamwork and unity.

Little League Baseball is often the first taste of team sports for children across the country and the first exposure that they have to a skill such as teamwork.

The Lake Villa Broncos baseball league is no exception. One team in particular, the Indians, produced several excellent come-from-behind victories in the 11-12-year-old age group.

"I was very happy with the way the guys came together when they needed to," explained Indians head coach Al Vilasenor. "When we were down the team never gave up and always seemed to find a knack for pulling out a victory."

The team finished the regular season in second-place, but faltered in the tournament eventually to finish third out of the nine teams participating with a 12-6 overall record.

Much of the team's success can be attributed to the many sessions of practice held at the Pro Cut Training Center in Antioch.

"The use of the facilities at the (Pro Cut) center really benefited us," said Vilasenor.

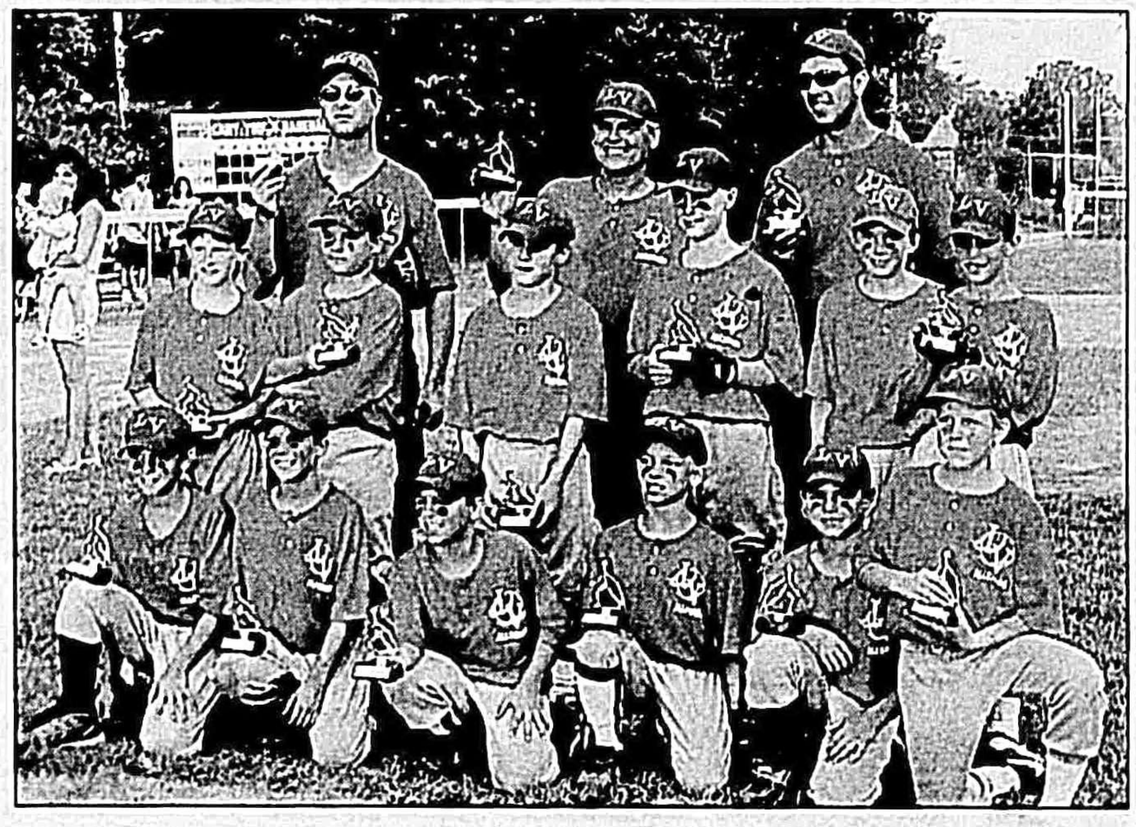

The semi-final game proved to be down point of the season when the team fell at the hands of the Orioles 3-2 in extra innings. But a come-from-behind victory in the third-place game helped erase some of the disappointment from the day before.

Frank Fracek and Andrew Ecklund often dominated on the mound and both could throw a fastball in the 60 miles per hour range. Both pitchers, and catcher Jimmy Fracek, were nominated to the All-Star team.

"Everyone contributed to the teams success," said Vilasenor. "From the top to the bottom of the order each individual had their moment."

Shortstop Jonathon DeGrace and outfielder Kyle Aull were very reliable in the field and as the season progressed Dan Patrick developed into a solid first baseman.

"At 11-12-years-old, the boys are at a turning point in their lives," said Vilasenor. "There were some conflicts of personality on the team, but when it really mattered the guys looked beyond those differences and always managed to pull something out."

The Lake Villa Bronco All-Star baseball team finished third in the state playoffs. Team members include, top row, from left, coach Al Vilasenor, Daniel Patrick, Frank Fracek, coach Larry Temple, Jacob Bresemann, Kyle Horcher and coach Bob Ecklund. Front row, from left, includes Mike Seay, Lucas Temple, Jimmy Fracek, Andrew Ecklund, Cameron Ringer. Not pictured-Kyle Aull, Johnathan DeGrace and Matt Osterberg.

LAKELAND NEWSPAPERS

July 27-August 2, 2001

Jim Tstinic, who owns Jim's Bait and Tackle, greets guests to his shop in Fox Lake. Small, locally-owned bait shops are slowly becoming extinct throughout Lake County.

Hitting a snag

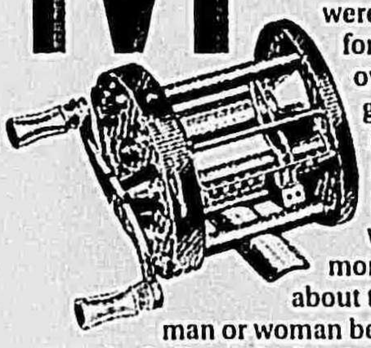

Corporate competition, long hours and low pay forcing many bait shops to shut down

Story by Tim Froehlig

Photos by Sandy Bressner

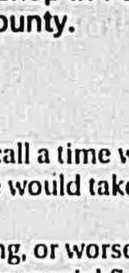

Most of us, regardless of whether male or female, can recall a time when we were younger and mom, dad or some other relative would take us fishing.

While some youngsters dread the very idea of fishing, or worse yet, baiting their own hooks, for so many of us each of these special fishing trips had one thing in common — a stop at a bait shop.

These special stops at bait shops were often ritualistic in nature for some, especially over-eager fathers, uncles or grandfathers who had made it a habit of stopping by the same ragged-looking building not just for minnows or worms, but for something more — advice. Let's not forget about that friendly smile from the man or woman behind the counter that gave you the feeling (whether real or perceived) that you had a better chance at catching more fish than anyone else out on the lake, pond or river that day.

Memories aside, something is happening to these old bait shops. Gone are the days when you can just drive through any town and expect to see the worn paint on the side of a wooden building that reads, "LIVE BAIT." Simply put, these types of businesses are few and far between in Lake County. They are vanishing.

"I wouldn't get into this business if I had it to do all over again," said James Tstinic, who owns Jim's Bait & Tackle in Fox Lake.

Despite his statement, there is a lot Tstinic loves about what he does. Because he loved fishing and hunting, he decided to purchase the bait shop four years ago, and commented on how much he enjoyed the freedom of not having to answer to anyone else. But don't be fooled — owning and operating a bait shop isn't all fun and games.

"You're your own best salesman or your worst enemy," Tstinic said. "One of the most important things is you have to keep it (the store) open. Location is key. There used to be about four or five working bait places in town. Now there's only two."

What makes this number even more interesting is the fact the two bait shops are in such close proximity to the Chain of Lakes. So why the decline in the number of bait shops? There are several reasons.

Ralph Erdmann, who owns the Wauconda Trading Post, which sells live bait, bird houses and bent wood chairs, theorizes that corporations like Wal-Mart, K-Mart and others have contributed to the demise of many bait shops. They can buy in bulk more easily than a small business would be able to.

Erdmann, a nine-year Wauconda resident, may be one of the lucky ones. Although he has only had the Trading Post for a short time, the building he operates has name recognition, having been in business under various owners for 80 years. He, as well as Tstinic, both feel that there is one big advantage that they have over corporations — their familiarity with local lakes, rivers and ponds. Plus, both like to pass along helpful tips or information when they get the chance.

"If you like me you'll come in here (into my store)," said Tstinic. "If you don't, bless your heart, you'll go somewhere else."

While one may not make a small fortune owning a bait shop, it can be enough to live on if things are run properly. For Erdmann, it happened on a whim shortly after he was laid off a job. He seems at peace with what he does for a living, as do most people who operate a bait shop.

Ken Hines, who owns the Country Corner in Mundelein, says he sells groceries and beer in addition to live bait.

"There's just not enough business in this part of the country to make a living off of selling bait (alone)," he said.

Diehard fishermen will be pleased to know that Country Corner sports a legend of sorts inside its walls at Rte. 60/83 and Diamond Lake Rd. On display is the actual Illinois state record Largemouth Bass, tipping the scales at 13 pounds, 1 ounce. It was caught in 1976 in a strip mine at the corner of Milwaukee Ave. and Aptakistic Rd.

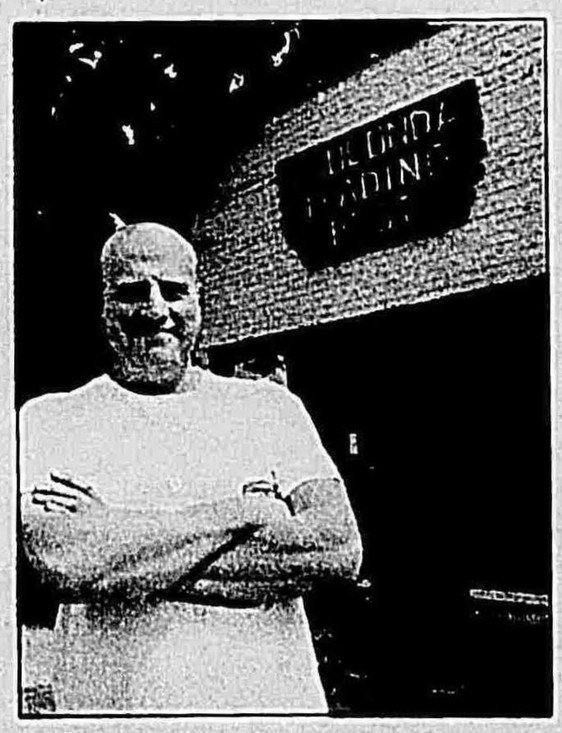

Sadly, these types of places that offer service on such a personal level are becoming fewer and fewer in number.

Chandler's, a longtime bait shop(and one of the biggest in Lake County) on Rte. 12 in the Volo area has closed. Another one, also on Rte. 12 in Fox Lake, has closed within the last two years.

Other than Tstinic, Hines, and Erdmann's businesses, there are only a handful of operational bait shops in Lake County, including those in Antioch, Waukegan, Ingleside and Zion.

So the next time you take your son or daughter fishing, or even if you're by yourself, take the time to stop at one of these bait shops should you get the chance. When you walk in and hear the ringing of bells on the door or the humming sound of the minnow tanks being oxygenated, not only will you likely get some friendly advice and a smile, but you also will have a chance to get a glimpse of the way things used to be.

Like so many things in life, walking into one of these bait shops is something that cannot just be explained. Instead, it has to be experienced to be understood.

Ralph Erdmann has owned the 80-year-old Wauconda Trading Post since April. Bait shops throughout the county are dwindling.

SPECIAL EVENT

Lake County Folk Festival to be held in Paulus Park

The Seventh Annual Lake County Folk Festival will take place Sunday, Aug. 5, at Paulus Park, Rand Rd. at Rte. 12 just north of Rte. 22, in Lake Zurich. The event is a joint venture of the Lake County Folk Club and the Lake County Area Dulcimer Club with generous support from the Village of Lake Zurich Parks and Recreation Department. This year will be the festival's sixth year at Paulus Park.

In addition to the main stage, there will be six other entertainment areas that guarantee non-stop music. The Children's Area will offer activities for the younger guests. Kids can enjoy hands-on acoustic musical instruments, face painting, arts & crafts, balloon animals and more. The Song Circle Tent, hosted by Mark Nowakowski, invites anyone interested in sharing their talents to bring instruments and voices.

Last year, the festival drew over 1,500 people to hear the sounds of Tom Paxton, Small Potatoes, Sons of the Never Wrong, Don Stiernberg Trio, Tricia Alexander, Calico and more.

The Seventh Annual Lake County Songwriting Competition will take place at 11 a.m. This years' first-place winner will receive $250 and a place on next year's mainstage line up. The second-place prize is $150 and the third-place winner will receive $75.

Admission to the festival is $10 for adults, $25 for a family (parents and children), $5 for students and seniors and children under five are admitted free. For more information on the event, call 949-5355.

Game enthusiasts gather for Gen Con Game Fair

North America's largest game fair to feature celebrity guests, writers

More than 25,000 gaming enthusiasts will gather in Milwaukee, Aug. 2-5, when the Gen Con Game Fair, a four day annual extravaganza, returns to the city. In its 34th year as the largst game-play convention in North America, The Gen Con Game Fair will fill the Wisconsin Center District and will showcase events from adventure and strategy games to miniatures and computer games. The fair will offer new product introductions and Gen Con will brim with a variety of celebrities from science fiction and fantasy television and movie roles who will participate in question and answer sessions with attendees.

Celebrities featured at the fair include noted actors, authors and artists. Billy Dee Williams, best known for his role as Lando Calrissian in the Star Wars movies "The Empire Strikes Back" and "Return of the Jedi," will be present to sign autographs.

Other celebrities who will be on hand include: Alexandra Tydings, Aphrodite from "Xena: Warrior Princess"; James Marsters, Spike from "Buffy the Vampire Slayer"; Michael Kuluta, cover artist for DC and Marvel Comics; award-winning author Neal Barret and Richard Biggs, best known for his five years on "Babylon 5" and his present role as Bill Moody on Lifetime's critically acclaimed hit "Any Day Now."

A number of activities will keep attendees immersed in fun for the entire four days. Fantasy Friday features the fair's best-known fantasy game events, as well as a variety of seminars. Science Fiction Saturday will highlight the 16th annual "out-of-this-world" costume contest, as well as Star Wars and Star Trek role-playing and collectible card game events, seminars and panel discussions. Throughout the day, the designers of the Star Wars Role-playing Game by Wizards of the Coast will be on hand to reveal the latest facts about the game. Family Fun Sunday will feature a plethora of activities for folks of all ages. Guests can participate in a life-sized demonstration of the Dungeons & Dragons Clue board game, play Infinite Imagination's version of Comedy Central's hysterical game show "Whose Line Is It Anyway?", or play one of hundreds of other board games that will be on hand.

Long-anticipated exhibition to be seen only in Chicago and Amsterdam

Pictured above: Vincent van Gogh, Dutch. "Sunflowers," 1889. Van Gogh Museum, Amsterdam. Pictured top right: Paul Gauguin, French. "The Vision after the Sermon," 1888. National Galleries of Scotland.

The Art Institute of Chicago is now selling tickets for "Van Gogh and Gauguin: The Studio of the South," the first exhibition to explore the complex artistic and personal relationship between the artists Vincent van Gogh and Paul Gauguin. More than 750,000 visitors are expected to attend the exhibition, which will be held on the second level of the Art Institute's Daniel F. and Ada L. Rice Building, Sept. 22-Jan. 13, 2002, before traveling to the co-organizing institution, the Van Gogh Museum in Amsterdam.

The exhibition brings together 130 works – mainly paintings, as well as drawings, sculptures and ceramics – from 63 public and private collections around the world, including the U.S., Canada, Europe, Israel, Japan and Russia. Groundbreaking in subject and method, it is the first exhibition to highlight the personal and professional relationship of two of history's most fascinating artists – Vincent van Gogh (1853-90) and Paul Gauguin (1848-1903). Their mutual admiration, stormy friendship, extended professional dialogue and eight-week period collaboration in Arles, France, in 1888, constitute one of the most dramatic sagas in the history of modern art. The exhibition will demonstrate that the Van Gogh and the Gauguin we have come to know would never have existed without the intense turmoil and mutual artistic influence that so deeply marked their relationship.

Over the course of this century, both artists have each received a great deal of scholarly attention. But while references to their turbulent interaction abound, there has been no major study on the relationship of the two artists, and the formative influence of the one on the other, beginning in the mid-1880s and continuing to the ends of their careers.

Special dated and timed tickets to the exhibition are required and advance tickets are strongly recommended. Tickets are available by calling (312) 930-4040; on the web site at www.artic.edu; and at the Art Institute. Tickets for the public may also be purchased at Ticketmaster Illinois Ticket Centers. Ticket prices are $10 Tuesdays and $20 all other days. The ticket price includes admission to the museum. There are no additional fees for tickets obtained at the museum. Tickets are not required for children under six years.

The recorded exhibition audio tour ($6 public, $5 members) may be purchased in advance with any ticket by phone, on line, at the Art Institute and at Ticketmaster outlets.

Special hours for the exhibit are Monday and Friday, 9 a.m.-4:15 p.m.; Tuesday, 10:30 a.m.-7:45 p.m.; Wednesday and Thursday, 10:30 a.m.-4:15 p.m.; and Sunday, 9 a.m.-7:45 p.m. Regular hours, 10 a.m.-5 p.m., apply on Saturday.

During extended hours, other museum galleries will be closed.

The Art Institute of Chicago, 111 South Michigan Ave., Chicago, is located in Grant Park. For information, visit the web site at www.artic.edu or call (312) 443-3600.

We've all been envious of those who seem to dance through life. If it's dancing you're interested in, the Waterford Dance Academy is the place to head for.

Alyson Hawkins, owner, operator and head instructor at the Waterford Dance Academy, located at 616 Bridgeport Terrace in Lindenhurst, invites all dance lovers, expecially those interested in improving their dancing skills while having lots of fun to boot, to the academy's Open House on Saturday, August 25, from 10 a.m. to 2 p.m.

At the academy, there are 33 different dance classes available, running from September to June. The academy offers dance classes for children 2-1/2 to interested adults.

Hawkins, who has been a dance teacher for 11 years, and her staff of four professionally trained instructors, offer classes for pre-schoolers, pre- ballet classes, plus instruction in creative dance, as well as modern dance, ballet, tap and jazz. Students will participate in a dance recital in June, adults students are also invited to join the recital.

The charge for once a week dance lessons for pre-schoolers is $7.95 a lesson. For those students at the recital level, once a week lessons are $9.70.

Fall enrollment at the dance academy is now in full swing for the 2001-2002 season. The academy accepts Visa, MasterCard and Discover Card. Call (847) 265-2654 for more information.

'Jurassic Park III' provides new thrills and chills

movie review

Helen Mansfield

Jurassic Park III

Rating
PG-13

Director
Joe Johnson

Starring
Sam Neill
William H. Macy
Tea Leoni
John Diehl
Michael Jeter

Dr. Grant (Sam Neill) again encounters raptors in "Jurassic Park III."

You really can't call "Jurassic Park III" a sequel or even a pre-quel to the two other films originally directed by Steven Spielberg, based on the books by Michael Crichton.

"JP3" is suppose to have taken place between the first two movies. In "JP3" we find our hero, archeologist Dr. Alan Grant (played again by Sam Neill), telling tales of what happened on the island where Jurassic Park was located. Since we first encountered Grant, he has taken an even keener interest in Velociraptors.

Grant is approached by a businessman and his wife, played by William H. Macy and Tea Leoni, who claim that they are adventurous, thrill-seekers who have gained special permission from the government authorities to fly over the second, dinosaur infested island known as "Site B."

The two have hired a couple of mercenary types with big guns, which immediately sets off alarms that these people have other intentions than just to flying over the island.

As the story goes along, you find out that the pair is divorced, but through a mishap, their teenage son is stranded on the island. Learning all of this, Grant and his assistant, Billy, find themselves kidnapped and landing on the island.

Throughout the film, the word "amateur" kept coming to mind as far as the plot and the characters. Once you get to know each character, you find out they are not who they initially represented themselves to be; they aren't experts in their field or even especially smart.

You can't see "JP3" without automatically comparing it to the other two. The movie doesn't feel like the previous two, which is good and bad. Without Steven Spielberg at the helm, director Joe Johnson doesn't feel the obligation to follow some of Spielberg's trademarks.

Spielberg, in my opinion, spent too much time building up the suspense in the films. First we get a peek of the dinosaur, then we hear it and then, BOO! Johnson cuts right to the chase and makes a dinosaur movie for those who have a taste for blood.

I also liked Johnson's character development. He doesn't beat you over the head explaining who everyone is and how they relate to everyone else. You get a glimmer of something and think, "oh, okay. I thought this, but apparently it's really that. Cool."

Like the other two movies, young kids will probably want to go to see it, but I wouldn't recommend it. This movie is gory and scary and makes no apologies for it.

Overall it's good, action-packed, has great special effects, but it does pale a bit in comparison to the other two.

Local chorus to perform in Kenosha

The 80 plus member women's Riverport chorus of Sweet Adelines International under the direction of Joe Liles of Kenosha just returned from regional competition in Oshkosh where they competed for evaluation only. The chorus will be traveling to Portland, Ore. in October of this year to contend in the international competition with 30 choruses from all over the world. This is the sixth international competition for the award-winning chorus.

At the recent installation banquet the new team leaders for 2001-02 were commissioned. The new team manager is Donna Keisler of Kenosha. Mary Evenson of Waukegan, remained as financial manager. The new secretary is Lynn Lango and Kay Liles, Music team Liaison. Both are from Kenosha. The rest of the committee is comprised of Rhonda Puntney of Burlington; Pat Kasper of Milwaukee; Barb Drabek of Waukegan and Sheila Beaurain of Waterford.

The chorus will be performing at the Burlington Chocolate Festival and will sing at the Kenosha Band Shell on Aug. 5. The chorus rehearses almost every Monday night at Wilmot Union High School, 11112 308th Ave. in Wilmot, Wis. from 7-9:30 p.m. If you are a woman who loves to sing, we would like to have you come to visit at the rehearsal. They are sponsored in part by a grant from the Wisconsin Arts Board. For more information about joining the chorus, to book a quartet, small chorus or the full chorus for a performance, or about how to become a corporate sponsor, call 526-2902. You can visit the web site at www.riverportchorus.org.

Local singers in the Riverport Chorus include Mickey Sedar, Lake Villa; Barb Drabek, Waukegan; Barb Dahlberg, Ingleside; Carol Botts, Lake Villa; Alice Baker, Antioch; Natalie Fleger, Wauconda; Sue Neuls, Hainesville; Carolyn Perrine and Joan Albrecht, Lindenhurst. Not pictured are Connie Chambers, Grayslake; Yvonne Frier, Crystal Lake; Becky Reckamp, Lake Villa; and Vicki Steffy, Capron. The group will be performing at the Burlington Chocolate Festival and Kenosha's Band Shell.

An esteemed Napa Valley restaurant shares its 'secrets'

COOKING by the BOOK

Tom Witom

Terra has made a name for itself in Napa Valley as a restaurant where diners can count on fine, fresh food, inventively prepared: Southern French and Northern Italian with a Japanese sensibility.

And the driving force behind this St. Helena eatery is generated by chefs Hiro Sone and Lissa Doumani. Many of their "secrets" are shared in a handsomely illustrated cookbook, "Terra—Cooking from the Heart of Napa Valley" (Ten Speed Press, 2000, 228 pages). It offers a range of inviting recipes varying in degree of difficulty, though they all seem to have one element in common: mouth-watering appeal.

When the pair stopped in Chicago during a recent cross-country tour, we sampled their hearty tomato-beet gazpacho and flavorful grilled miso-marinated beef salad with ginger-mustard vinaigrette. Both recipes are in the book, as is the palate-pleasing lemon créme brûlée.

Lemon Créme Brûlée

Serves 6

3-3/4 cups heavy cream
Grated zest of 2 lemons
1 vanilla bean, split lengthwise
3/4 cup plus 3 Tbl. sugar, divided
9 egg yolks
1 egg
3/4 cup freshly squeezed lemon juice

Preheat oven to 275°. In a large saucepan, combine the cream and lemon zest. Scrape the seeds from the vanilla bean and add them to the pan, along with the bean. Bring just to a boil, then remove the heat.

In a large bowl, whisk together 1/2 cup plus 1 tablespoon sugar, the egg yolks, egg and lemon juice. Whisk in the cream mixture quickly so that the egg does not cook. Strain through a fine-mesh sieve. Rinse and air-dry the vanilla bean, which can be used to make vanilla sugar. Divide the mixture among six 10-ounce gratin dishes. Place the gratin dishes in a roasting pan. Slide the middle rack partially out of the oven and place the pan on the rack. Pour boiling water into the pan to a depth of about 1/4 inch, making sure none of the water comes over the sides and into the dishes. Carefully slide the rack back into the oven. Bake for 15 to 17 minutes, or until the custard jiggles slightly when you tap a dish but is set. Carefully remove the gratin dishes from the water and let cool. Refrigerate for at least 3 hours.

To serve, sprinkle 1 tablespoon sugar evenly over 1 custard. Use a hand-held blowtorch to evenly caramelize the sugar, keeping the blowtorch moving and about 3 inches above the dish (do only one dish at a time, or the sugar will liquefy while waiting on the custard). Repeat with the remaining custards.

Chicago Master Singers to hold auditions

Chicago Master Singers (CMS) and Music Director Alan Heatherington will conduct annual auditions for the upcoming concert season Aug. 7, 9, 14 and 16 at Fremd High School in Palatine.

CMS is an internationally acclaimed chorus which performs three series of concerts annually and takes biennial tours to Europe; the next tour is to four Italian cities in the summer of 2002.

Those auditioning are asked to sing a familiar piece, sight-read and perform pitch-matching exercises. If you bring a piece of your own to sing, it should be no longer than three minutes. Make sure you have a copy for Maestro Heatherington and one for the accompanist.

During the 2001-02 season, CMS will perform Bruckner's *Mass No. 3 in F minor* and *Psalm 150*, plus Haydn's *Te Deum*, with Ars Viva Orchestra on Nov. 16 and 18 . Carols of the season with Ars Viva Brass will be presented Dec. 14, 15 and 16. April 19 and 21, the chorus performs Pizzetti's *Requiem* and Verdi's *Ave Maria*. All concerts are at Divine Word Chapel in Techny.

Within CMS there is the Chorale, approximately 40 members chosen from the main chorus. Among the concerts the Chorale gives will be a Christmas concert Dec. 7 at a new site, St. Anne Church in Barrington.

To make an appointment and for further audition information, contact Carole Roberts at 604-1067.

Do you like to dance?

The United States Amateur Ballroom Dancers Association (USABDA) wants to establish a chapter especially for "beginner" social or recreational ballroom dancers in the Waukegan/Zion area. If enough interest is expressed, a local steering committee will be formed to guide the project and enroll members. A special welcome will be extended to beginner dancers; and arrangements will be made to make "low-cost" weekly dance lessons available for them. Everyone will learn and dance together. Membership will be open to singles, as well as couples. Beginners of all ages will be welcome.

Local chapters sponsor monthly social dances for members and the public. Typically, each dance consists of a free one-hour dance lesson, followed by three hours of general dancing as well as dance demonstrations.

Anyone interested in helping form the Chapter should call (800) 447-9047; send an e-mail to: USABDACENT@aol.com; or write to USABDA, P.O. Box 128, New Freedom, PA 17349.

Abbott researcher head of new Shimer unit

A former research scientist at Abbott Laboratories has been named director of the newly created Hutchins Institute of Shimer College, the four-year Lake County liberal arts institution, that is preparing to observe its 150th anniversary.

He is Dr. James J. Donovan, a resident of Waukegan where Shimer is located.

Donovan

The Hutchins Institute, Shimer's newest addition, will focus on education and enrichment. Named for Robert Hutchins, the founder of the Great Books theory of education for which Shimer is famous, the institute will maintain current educational partnerships while it develops new and instructive ties with the larger community.

Distinct from the Shimer undergraduate degree program, the Hutchins Institute will provide educational and cultural enrichment at levels ranging from second-grade through graduate work and beyond.

Shimer President Don Moon stated, "Jim Donovan has the energy and leadership skills essential to making the Hutchins Institute an outstanding endeavor. He is one of those 'highly effective people' of whom Stephen Covey wrote."

"I am proud and delighted to be named the first director of what I know will be a prestigious organization," stated Donovan. "Shimer is a gem that combines some of the best experiences I have ever seen in any college. I have never found a comparable sense of community at any school at which I've taught."

Donovan praised Shimer's academic strength. "Shimer still has a true core curriculum and the faculty cares deeply for undergraduates. Shimer students are co-learners with the faculty and the power of Shimer's approach to education shows—it ranks third in the nation for sending graduates on to receive doctoral degrees. I look forward to Shimer gaining the level of celebrity that it deserves, a small liberal arts college of great reputation."

The Hutchins Institute currently has partnerships that include:

The After-School Learning Center, established in 1994. It is staffed by Shimer students who serve as tutors for elementary school children and assistants to their teachers. Summer Workshops in Classical and Modern Theater, established in 1995. This is a creative learning experience for high school students. The Foundations of Science Program, encompasses graduates seminars designed to rediscover the excitement and creativity of science for teachers at all grade levels.

Good golly! The winner is Molly

County fair opener off to hot start

By HELEN MANSFIELD
Staff Reporter

The 73rd annual Lake County Fair got off to a "hot" start on Tuesday with their first ever flag-raising ceremony hosted by area Boy Scouts and the 2001 Lake County Queens.

According to Director Pam Renaker of Fox Lake, old standbys like rodeo events, animal judging and midway rides are still a fair tradition, but other new events are being added to the line-up.

Treasurer Bill Obenauf said new this year will be a Sunday church service at 8 a.m. at the Center Stage.

Weekend activities include the professional contest rodeo on Friday at 8 p.m. and Saturday at 2 and 8 p.m.

Participants in the junior, senior and adult talent contest will be hitting the Main Stage this weekend as well.

The junior contest will be Friday at 7:30 p.m., the senior contest on Saturday at 7:30 p.m. and the adult contest on Sunday at 2 p.m.

The annual truck and tractor pull will be Friday at 7 p.m., the super stock 4 x 4 trucks, pro stock tractors, modified tractors and semi trucks will be Saturday at 7 p.m. and two wheel drive trucks, along with mini rods and tractors will be seen on Sunday at 1 p.m.

And if you like a little more "bang" for your buck, don't forget the demolition derby on Sunday at 10 a.m. which will go all day.

Entries for the demolition derby will be accepted up until the day of the event.

Child seat installation lessons offered at fair

Confused about how to install a child's auto safety seat? Technicians from more than 20 fire and police departments will be on hand at the Lake County Fair Saturday, July 28, to assist those in need of help. The free assistance, dubbed Operation CARE (Child Auto Restraint Equipment), will be available from 11 a.m.-3 p.m.

Illinois law requires that auto passengers age 4 and younger be placed in an approved child safety seat. The seat must meet federal motor vehicle safety standards. It is estimated that more than 90 percent of child safety seats are improperly installed.

When the passengers are ages 4-6, parents have the option of using a safety seat or a seat belt, with or without a booster seat.

ComEd Partners honor students

ComEd and Lake County Partners announced awarding of the ComEd 100 Grant to 12 Lake County high school students who will each receive $1,000 grants.

Six students were selected from Waukegan High School and six students from Zion-Benton Township High School. The students were selected based on academic and extracurricular involvement, as well as an essay that they wrote on what they would do with the grant money.

Dennis Kessler, Lake County Partners executive board member and chair of the Business Linkage Committee, applauded ComEd's community efforts and noted that he hopes that ComEd will offer a similar program next year, as it encourages students to find a job and keep it throughout the summer.

The grants will be awarded to the students at a ceremony at 9 a.m. on Wednesday, Aug. 8, at College of Lake County.

Bears join lineup at Lake County Fair

Former Chicago Bears Glen Kozlowski and Dan Hampton, who played on the Super Bowl XX championship team, will be out in force at the Lake County Fair.

The pair will be on hand for the American Powerlifting Association-sanctioned powerlifting contest on Sunday, July 29. The event is from noon-3 p.m.

The fair runs through Sunday. For more information, call 223-2204.

2001 Senior Citizens Assessment Freeze application forms mailed

Senior citizens in Lake County should watch for their 2000 Senior Citizens Assessment Freeze Homestead Exemption Application which was in the mail by the end of June. Any senior citizen who receives the Senior Homestead Exemption will receive the application form the Freeze Program.

Seniors who are eligible for this program must meet all of the following criteria:

1. Be 65 years of ago
2. Have a 2000 total household income of $40,000 or less
3. Have ownership and had the property in question be their principal residence on both Jan. 1, 2000 and Jan. 1, 2001.

Applications are filed with the Chief County Assessment office of Lake County at 18 N. County St., 8th Floor, in Waukegan. The deadline for filing will be Sept. 15.

This exemption freezes the taxable value for a senior citizen's home at the level of assessment of their first accepted application. The exemption does not freeze tax rates or tax bills, but is a program which is geared to keep seniors property tax bills stable.

If a senior citizen is applying for this exemption as a first time applicant, they can obtain the form from their local township assessor's office or from the Chief County Assessment office in the County Building. Anyone with questions on how to complete the form can call the Chief County Assessment office at 377-2050 for additional information.

Domino's honors outstanding students

School may be out for summer, but not before hundreds of Lake County students were treated to something extra special. Many students were recognized in the Domino's Pizza Outstanding Students Program, Lake County's longest running student recognition program.

SMC emerges as wetlands savior

Every once in awhile, the forces for big government recognize that some matters are better handled at the local level. That seems to be the case in Illinois for wetlands protection where Lake County is leading the way in formulating regulations to safeguard isolated wetlands.

A new approach to protecting one of nature's most important resources became necessary when a U.S. Supreme Court decision ended U.S. Army Corps of Engineers jurisdiction over isolated wetlands, those not connected to any other body of water.

The Lake County approach, and what is anticipated to become a model, is handing over isolated wetlands jurisdiction to the county's Stormwater Management Commission (SMC). The SMC assignment is a notable example of the "push down" theory of dealing with problems rather than the Great Society notion for super government.

County officials are to be applauded for stepping up to handle wetlands protection, which had become a hodgepodge under the overburdened Army Corps. It was ridiculous that the Army Corps, stretched for years with management of navigitable waters, had to oversee sink holes, cattails and transient water spots.

The impossibility of non-local managements comes into focus when considering that Lake County has an estimated 4,000 isolated wetlands averaging less than two acres in size.

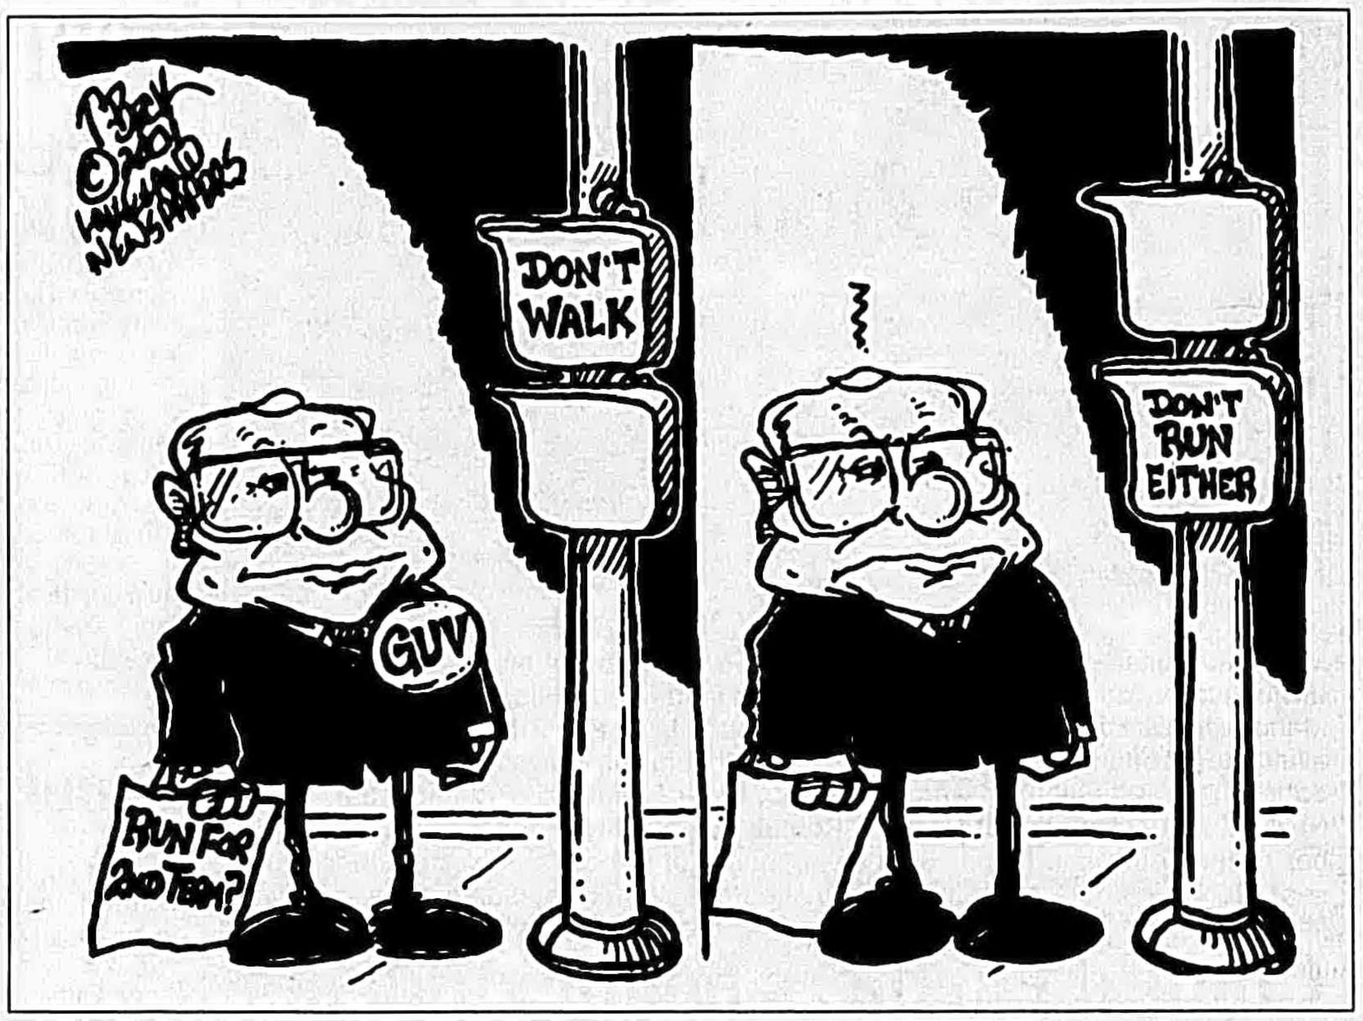

SMC should be up to the task. Created to reduced flooding and control stormwater, the l0-year-old agency has established a commendable record. Especially noteworthy has been SMC's ability to blend disparate interests for the common good. When organized, the agency was given only a long shot of bringing together municipalities, county government and private interests mostly in the form of builders and developers.

Under the leadership of SMC executive director Ward Miller and former chairman Dick Welton, the agency has succeeded admirably in a locality subject to a wide variety of water management problems. SMC has won respect and has a track record of achievement.

There's no reason to believe SMC won't be just as successful dealing with isolated wetland protection.

Fair surprise: air conditioning

BILL SCHROEDER
Publisher

Always a combination of old and new, the Lake County Fair is featuring air conditioning in some of the commercial exhibit buildings this year, "sort of an experiment," reported Dave Bonner, executive director.

Long-time fair fans, who associate the annual exposition running through Sunday, July 29, with brow-mopping heat and soggy shirts, are being surprised.

Sprinkling in new wrinkles while retaining time-honored contests and events is intentional on the part of fair officials headed by President David DeYoung. The fair board of nine persons is the nucleus of the team of workers and exhibitors that swells to more than 11,000 persons during fair week.

As Bonner noted, part of the charm of a county fair is renewing old experiences, often extending back to childhood, while blending in just enough new events to make the fair visit exciting.

That's why this reporter never fails to check out the gardening exhibits and dairy cattle on display. In 1942, a transplanted city kid showed off his Victory Garden produce at an abbreviated war-time fair in Viking Park, Gurnee, and was wowed to earn l4th prize. Worth a crisp $1 bill, by the way. Next year, the kid and his brother took their 4-H calves to the fair at Wauconda. We didn't win any ribbons, but the competition was fun and a chance to learn. Farm youngsters in the know employed a touch of black shoe polish to make the hooves on a Holstein heifer show better. A life lesson learned at an impressionable age about gaining an edge in competition.

Some years later when fair leaders established a queen pageant, a fledgling reporter jumped at a chance to join a team of young bachelor judges formed to select the "fairest of the fair." The panel was blatantly chauvenistic, but that was long before the era of political correctness. It was hard work, but someone had to do it. The memories linger on.

It's nice to see that the queen pageant and a lot of other events still are part of Lake County's "greatest show." That's what keeps us coming back.

Skeeters beware!

Abbott Laboratories has developed a highly effective and low cost mosquito control substance marketed as VectoBac, a product that attacks mosquitoes in the larvae stage and is harmless to other insects and wildlife. VectoBac is a toasted corn cob granule containing a chemical that is ingested by mosquito larvae and fatal within hours.

Ryan rating up

Viewpoint's favorite political pollster, Rod McCulloch, reports the highest approval rating for Governor Ryan in a year in a late June survey of 1,203 registered voters. McCulloch said the Boeing acquisition and a highly successful legislative session were positive influences on the governor's rating. McCulloch finds that there is a direct correlation between news stories about the license for bribes scandal and Ryan's rating. "When a month goes by without scandal stories, the Governor's approval goes up," the pollster noted.

Director retires

Mundelein-based Kirk Players, a widely acclaimed amateur theatrical group, will be operating in the future without the leadership of founder/director John Lynn, who has retired after 35 years. Kirk, whose skill is turning amateur thespians into near professionals, will remain connected with Kirk as an adviser.

Skeptics confounded

Antioch village trustees turned the tables on skeptics who predicted developer Neumann Homes would get its way in a rhubarb over zoning variations apposed by citizens. Trustees rejected variance demands, effectively stalling the project that would have added nearly 1,000 homes to the community. Democracy still has a voice that can be heard.

The future of Social Security—need a public dialogue

SEEING IT THROUGH
John S. Matijevich

During the 2000 election, Social Security was a "hot-button" issue. It usually is.

The election was over seven months ago. Except for President George W. Bush's announcement of a 16-member commission to study the social security system, we haven't heard much about Social Security.

I believe that the viability of a strong Social Security system is so vital to the future of America and a healthy economy that we must have a continuing public forum and debate on the issue.

In this column, I have often cautioned against reliance on government studies and commissions which are often slanted from the start. To leave the future of Social Security in the hands of a commission that may be weighted against the best interests of America's seniors and disabled citizens would be catastrophic.

As I recall, the last time that a commission was formed to study Social Security was in the early 80s by President Ronald Reagan. It was chaired by Alan Greenspan, who at the time admitted that he was not an expert on Social Security. He did acknowledge that a healthy Social Security was important to the nation's economy, of which he was an expert.

When President Reagan introduced the panel, he gave the message that amongst the reforms to be considered would be the "partial privatization" of Social Security. The "red light" was turned on that efforts would be made that monies could be diverted from payroll taxes into private accounts. In plainer language, it would allow some investments into the stock market instead of relying on U.S. Treasury securities.

History will record that the reforms that were developed by Reagan's commission, in spite of being weighted toward some "privatization," didn't include it in the end product. The many who opposed privatization leaned on the late Congressman Claude Pepper, from Florida, who was a "champion of Social Security, and privatization was "laid to rest."

This time, the commission is again weighted in favor of the use of "private accounts" to partially fund Social Security. President Bush named Daniel Patrick Moynihan, former Democratic senator from New York, as one of the co-chairman of the commission, no doubt because he has consistently pursued the privatization of Social Security.

The recent drastic fluctuations, particularly downward, of the stock market may be a blessing in disguise for those of us who have said all along that "privatization" of Social Security.

The recent drastic fluctuations, particularly downward of the stock market may be a blessing in disguise for those of us who have said all along that "privatization" of Social Security can be a real risk. Social Security can be made secure without relying on an entry into the stock market, an idea promoted mostly by those who stand to get rich from stock sales commissions.

Social Security has been a "political football. "There are those who have warned of its early demise, when in fact full benefits, with no

PARTY LINES

PARTY LINES, THE LAKELAND NEWSPAPERS' COLUMN OF POLITICAL OPINION, IS PREPARED FROM STAFF REPORTS.

Ryan shudders at media violence

There's no doubt in the mind of **Atty. Gen. Jim Ryan** that media violence has a negative impact on young people.

Addressing a Lake County audience, Ryan pointed out that the two Columbine High School gunmen were heavily into watching violent videos.

Ryan said sting operations conducted by his office have proved that it's easy for Illinois children to purchase videos intended for mature audiences.

Often mentioned as a possible gubernatorial candidate, the attorney general will be pushing to obtain increased public funding to promote school safety.

The attorney general spoke at a legislative report luncheon at Midlane Country Club sponsored by **State Rep. Tim Osmond** (R-Antioch).

Gonwa: *First-hand view of Round Lake school crisis*

Mountsier: *New stormwater head-honcho*

Sindles: *Sometimes more bark than bite*

Networking progress

A decision by Regional Schools Supt. **Ed Gonwa** to get involved in untangling the financial mess surrounding Round Lake Area Community Unit Dist. 116 is regarded as a sign that networking efforts are beginning to produce results. A suggestion to index aid for the ailing district rather than change state aid formulas is winning favor. State officials are worried that special consideration for the Round Lake schools will set a dangerous precedent.

Sonar locator

Newport Township Fire Chief **Mark Kirchhoffer** is singing the praises of a sonar device that eliminates diving when rescue teams are called to locate drowning victims. As president of the Lake County Fire Chief's Assn., Kirchhoffer said the device eliminates danger for divers and cuts suffering for families.

Mountsier era

Steve Mountsier, long-time Barrington area elected official, is providing a seamless leadership transition as new chairman of the Lake County Stormwater Management Commission (SMC). Mountsier is only the second chairman in the 10-year history of the commission, taking over from **Richard (Dick) Welton,** who stepped down because he no longer holds a required elected position. Mountsier, Republican, represents Cuba Township. New vice chairman is Green Oaks **Mayor Tom Adams,** the man of many hats.

Lots of duties

Village Manager **Cal Doughty** of Long Grove has one of the broadest job description of any administrator in Lake County. One of his jobs is making sure the official village flower, the daffodil, receives proper care. The historic village is famous for the sea of daffodils that graces parkways in spring. Doughty's annual evaluation and salary comes up in August. He is among the county's senior village managers.

Going for Grants

Two Democratic state legislators, **Susan Garrett** of Lake Forest and **Karen May** of Highland Park are beating the drums for grant writing seminars scheduled in their districts by state officials. Political observers see their interest as pre-emptive strikes against redistricting that might peril their political future.

Geese chaser

Round Lake Beach Police Chief **Ed Sindles** has adopted an effective, efficient way of scattering a flock of Canadian geese who have adopted the lawn at the gleaming new police station overlooking a lake as their new home. No chemical or sound eradicators. "I just bark at them like a dog. They leave in a hurry. Works every time," remarked the chief, whose introduction at a Chamber of Commerce luncheon was greeted by sounds of "woof, woof."

Confirmed commuter

Although he maintains a law office in Washington, DC, former Congressman **John Porter** still is a confirmed suburbanite as he was all his political life. During service in the Illinois General Assembly and Congress, his official residence was on the North Shore. His residence now is a resort condo near Charlottesville, VA where he is recovering from open-heart surgery.

Political visit

State Sen. Patrick O'Malley has confirmed his invitation to the Northern Illinois Chapter of Associated Builders and Contractors family pig roast Sunday, Aug. 5, in Grayslake. The event staged at the home of **Terry Rockenbach** draws members from a 14-county area. O'Malley will be making another campaign appearance in quest of the Republican nomination for governor in 2001. He marched in the Lake Villa Centennial parade last Saturday.

LETTERS TO THE EDITOR

Separation unwise

The idea of the library board proposing a separation of the Cook Library District presumably at the municipal boundaries of the Village of Vernon' Hills at the south and Libertyville at the north can be discussed and should be abandoned after the first meeting.

Cook Library District operates the Cook Library on a little over $4.5 million dollars annually. The equalized assessed valuation, which is the property tax base that generates substantially all of the library's operating funds, has about 47 percent of its tax base (EAV) in Vernon Hills or south, and 53 percent in Libertyville or north.

The proposed separation would mean Cook Library in Libertyville would be forced to operate with half of its current funding and the cutbacks would be too devastating to contemplate.

Grateful world

Mortimer Adler died at the age of 98. He's not likely to be remembered as one of the great figures of the 20th century, but perhaps he should be. Half a century ago Adler and his associates published the multi-volume Great Books set, which created a sensation nationwide. He oversaw the revised edition of that set some 40 years later. He also founded the Institute for Philosophical Research and the Great Books Foundation, among other important organizations. He authored some 50 books, most of them on philosophical topics, all of them accessible to the general public.

Adler encouraged discussions of important ideas at every level. Such discussions could be agonizing, but they led to a better understanding of the key issues by all involved. If every philosopher could achieve as much, the world would have reason to be grateful.

Know your IQ? Sure you want to?

THE PFARR CORNER

Jerry Pfarr

My wife has been calling me "Mister 103."

She says it with a smile that's almost a smirk.

I have never known my intelligence quotient, my IQ. If any of the tests I took in high school, college or the Navy revealed it, no one told me.

In fact, I felt rather comfortable not knowing the number, fearing it might be so low it would shatter some of the confidence I have in myself. Ignorance, as in unaware, is bliss.

But the other day while window shopping on the web, exploring the Internet, I came across an IQ test, that intellectual shadow that continues to stalk me. Should I give it a shot, or continue to hide from that formidable fact of life?

This particular test consisted of 32 true-or-false questions to be completed in 12 minutes (22 seconds per problem), using only your alleged brain, no pens, pencils or paper.

It was tough. Consider a few of the questions:

—Walter is taller than Scott, and Scott's little brother is taller than Roger. Since Walter is not the tallest one of the four, then Scott's little brother must be tallest. True or false?

—Five horses, two people, three dogs and seven chickens have a total of 52 legs. True or false?

—Your starting and ending points will be just an inch apart if you draw a line seven inches left, three inches up, two inches right, four inches down and five inches right. True or false?

—If Borbs are better than Fribs and Luns are worse than Jirts, Luns must be better than Fribs if Luns are better than Borbs. True or false?

So I took the test and waited for that invisible wizard inside the computer to give me a score.

"Congratulations," it cheerfully announced. "Your general IQ score is 103. Average is 90 to 110."

I'm only average? I am, indeed, "Mister 103"? I always knew I wasn't brilliant but figured maybe a tad above average.

I can hear them now, old acquaintances saying, "103? Sounds a bit high for him."

I knew I wasn't exactly a candidate for Mensa, that elite society of intellectuals who rank in the top 2 percent of IQ scores, 132 or higher. Members of Mensa include actresses Geena Davis and Sharon Stone, the latter with an astronomical IQ of 154.

The People's Almanac estimates the IQ's of famous people in history, including: Wolfgang Amadeus Mozart, 150; Thomas Jefferson, 145; Benjamin Franklin, 145; Napoleon, 140; George Washington, 125; and Abraham Lincoln, 125.

But I like that old basketball coach's quote: "When the game is on the line and victory or defeat hinges on one final shot, I want to give the ball to a C student."

So I re-took the test, trying harder to tackle the tricky questions and hoping for a score around 120 maybe.

"Congratulations," said the computer. "Your general IQ score is 87. A person whose score falls in the range of 70 to 89 is considered to be below average intelligence."

Congratulations?

All "Mister 87" can muster at the moment is, "Those IQ eggheads, those geeks, they really know how to hurt a guy."

SEEING

reforms, are insured until the year 2038.

It may be well, too, that Social Security remain a political issue. When the slanted commission issues its final report next fall, it may well recommend some privatization of Social Security. If so, that will incite a major involvement by senior citizen, and other, organizations which have fought against diverting social security trust funds towards private accounts.

It is estimated that a diversion of payroll taxes could reduce the Social Security Trust Fund by about $1 trillion dollars over 10 years. If that is reform, we don't need it. I think that it is also a blessing that federal elections come every two years. I will lay odds that there will not be an attempt by Congress to accept any recommendation to privatize Social Security. After all, the 2002 election is right ahead for them.

We must be vigilant, though. We must keep Social Security secure. Let's keep it a public issue so that the public has a voice in the future viability of Social Security, the most important federal program that we have.

Online degree options

You can now earn an associate's degree at the College of Lake County by taking online courses. CLC offers three online degree options:

- Associate in arts in business
- Associate in applied science in computer information systems (with a microcomputer application focus)
- Associate in applied science in multimedia

Online courses are ideal for busy adults with work and family commitments that make attending traditional classes difficult. The online option is a great alternative if you are comfortable with independent study and can navigate the Internet.

Find out more about CLC's online courses at http://clconline.clc.cc.il.us.

If you have never been a student at CLC, apply online at http://www.clc.cc.il.us/applic.htm.

Registration for fall courses is now underway.

Classes start Aug. 20.

Free Webcast: Cancer Fighting Alert! Available All Month

Just a reminder — be sure to tune in to two online presentations pertaining to cancer. Dr. Patrick Quillin's on-line seminar, "Beating Cancer with Nutrition." is great food for thought. Vickie Girard's webcast deals with her experience of receiving four terminal diagnoses for breast cancer and not giving up until she found a treatment that would save her life. That struggle was more than eight years ago and she is here today to spread her words of inspiration to other cancer fighters. If you have a 56k modem or better, log on to www.cancercenter. com to view the webcasts. Or call 1-800-234-2275 today to explore the treatment options available at CTCA. Tentatively scheduled for August 9: Dr. Sybilann Williams will air a webcast on integrated medicine. On staff at Midwestern Regional Medical Center, Dr. Williams is a gynecologic oncologist, one of only two in Illinois.

Annual Hospice Duck Race to be family event

Fabulous grand prize: two tickets to London

The eighth Annual Hospice Duck Race is taking on a whole new look this year as it becomes a family event in conjunction with the Barrington Park District.

The event, taking place Aug. 11, from 5:30-9:30 p.m. at Langendorf Park, will feature entertainment including live music, prize drawings, face painting, games and children's activities. Also new this year is the sale of "Little Quacker" Ducks with prizes specifically for children 12 and under. In addition, this year's event is offering a fabulous grand prize of two round-trip tickets to London, England.

"We've teamed with the Park District to offer up some fun to the community and give them an opportunity to enjoy the evening with their families" said Race Chairman Bob Dymond. "Just as Hospice serves the community, the community, through their support, has also served us over the past 20 years, making Hospice possible."

Thousands of plastic ducks for the event are available for "adoption." Registration forms are available throughout community retail areas, by mail, at the August Barrington Sidewalk Days, or by calling Hospice Foundation of Northeastern Illinois at (847) 842-2580.

The three types of ducks available this year are: VID Ducks (Very Important Ducks), which will race down the slide and to the finish line for a $1,000 cash prize; Quackers, which will "swim" in the large pool and be scooped for prizes, including the grand prize, by the official Race Duck; and Little Quackers, which will "swim" in the children's pool and be scooped for prizes for children 12 and under. Joe Connelly of Harris Bank Barrington will again serve as the official Race Duck.

The grand prizes for both the Quackers and Little Quackers are provided by British Airways. The Quacker grand prize is two round-trip tickets to the London in British Airways' new World Traveler Plus class; the Little Quacker grand prize is the opportunity to take several friends or family members to O'Hare International Airport for a private tour of a British Airways jet, including the cockpit, a visit to the O'Hare flight deck, and lunch with British Airways personnel.

In addition, many area businesses have generously donated gift certificates and great prizes.

Sponsors providing support for the Duck Race include: Gold sponsors-Harris Bank Barrington, Pepper construction Company and Freddie & Keith Pederson; Silver Sponsors-Abbott Laboratories Fund, The Daily Herald, Oxysound,Inc., Northwest Community Healthcare, and The Quaker Oats Company; Bronze sponsors-CL Graphics, Cancer Treatment Centers of America, Davenport Family Funeral Home, Good Shepherd Hospital, Hollister Inc., Kemper Insurance Companies, Luster Leaf Products Inc., Scot & Lori Pepper, Recon/Optical Inc., RE/MAX of Barrington, Sage Products, Sam's Club of Crystal Lake, Sherman Health Systems, and Wickstrom Ford.

Ducks are available for a suggested donation of $250 for each VID Duck, $100 for a flock of 25 Quackers or Little Quackers, $25 for a family of six Quackers or Little Quackers, or $5 for one Quacker or Little Quacker.

With only a few weeks to go, "The Duck" and his crew are working hard to get in shape for the big Duck Race being held Aug. 11, 5:30-9:30 p.m. at Langendorf Park to benefit Hospice of Northeastern Illinois.

For 20 years, Hospice of Northeastern Illinois (HNI) has served thousands of individuals with a life-limiting illness, and their families. HNI serves more than 135 communities in Cook, Lake, McHenry, Kane, DuPage and Boone countries. Funds raised from the event allow Hospice to provide care to all those requesting service, regardless of ability to pay.

Health Dept. offers tips on traveling with pets

Summer is here and many people are planning to travel with their pets. Whether it is a road trip across the country or sailing across Lake Michigan, traveling with your pets takes preparation. Following are some safety tips from the Lake County Health Department/Community Health Center for pet owners who travel with their pets.

First, if you are planning a long trip or vacation, you want to be certain that your pet is in good health. Scheduling a check-up with a veterinarian is the best way to find out if your pet is in condition to travel. While at the veterinarian's office you can obtain a health certificate for proof of a rabies vaccination. You should carry this certificate while traveling with your pet.

If you are traveling by car with your pet:

- Don't allow your pet to stick his or her head outside the window. Doing so can subject your pet to injury by flying debris or illness by having cold air forced into his lungs. Never transport a pet in the back of a pickup truck.
- If he is accustomed to one, secure your canine with a restraining harness (that works like seatbelts work for people) to ensure your canine is safe during travel. Or place your dog in a well-ventilated, hard-sided kennel. Always keep cats in carriers while traveling by car for your safety as well as theirs.
- Never leave your pet unattended in a parked car. On warm days, the temperature in your car can rise to 120 degrees in minutes, even with the windows slightly opened. Also, an animal left alone in a car is an open invitation to pet thieves.

If you are traveling by plane, there are risks. According to the Airline Transportation Association (ATA), over 500,000 animals travel by air every year and every year an estimated 5,000 of these animals are killed, injured or lost. The Humane Society of the United States does not recommend traveling with pets via air.

If traveling via air is the only option:

- Call the airline to check health and immunization requirements for your pet.
- Notify the captain and at least one flight attendant that your pet is traveling in the cargo hold. If the captain knows there are pets on board, he or she may take special precautions.
- Take small animals in carriers that fit under the seat on board with you. Contact airlines to find out specific requirements, including type and measurements of carrier, for taking your pet on board.
- Fit your pet with a collar that can't get caught in carrier doors.
- Just as you would with luggage, place an identification card on your pet's collar as well as its carrier. This ID should include your name, address and a phone number along with the address and phone number of your destination.

If you are traveling by ship or train:

- With the exception of assistance dogs, only a few cruise lines accept pets. Contact cruise lines in advance about their policies and kennel facilities.
- Amtrak currently does not accept pets for transport unless they are assistance dogs. There may be smaller U.S. railroad companies that permit animals on board their trains. Many trains in Europe allow pets.

If you decide not to travel with your pet, make arrangements with a close friend or family member to pet-sit. Hiring a professional pet sitter or placing your pet in a boarding kennel are alternate ways of making sure that your pet is comfortable and well taken care of in your absence. For more information, contact the Lake County Health Department's Animal Control facility at (847) 949-9925.

Program at Lake Forest Hospital makes an IMPACT

Community IMPACT, a joint effort of Lake Forest Hospital Cardiac Rehab staff and Trustmark Insurance Company employee volunteers, has been awarded the Lake County Volunteer Award. The program brings heart-healthy educational messages to seventh-grade students at public and private schools in Lake County. By reaching out to the community, IMPACT encourages preventative wellness at an age when children start making choices that can affect their health for a lifetime.

During the program, children visit three stations within a regular class period and participate in hands-on lectures and demonstrations. Sessions include "Heart of the Matter," where children examine real cow hearts and learn the workings of the human heart. In "Tobacco Talk," children receive bookmark/print-outs of their personal heart rate information and learn the health dangers of cigarettes, cigars and smokeless tobacco. In "Don't Eat Your Heart Out," students are provided with an easy formula for checking the fat content on food labels and learn how to make good choices for healthy after-school snacks.

Nurses from the hospital rotate schedules to attend the sessions and help coordinate the IMPACT program. The nurses also serve as professional resources to answer the children's health questions and concerns. Each Trustmark employee who volunteers devotes one morning or afternoon per month to present the program. The program is 10 years old and has reached more than 52,500 Lake County seventh graders. During the 1999-2000 school year, teams visited 38 schools and talked to more than 5,300 children.

Recently awarded a Lake County Volunteer award, the program teaches seventh graders heart-healthy topics. Shown from the left are Cindy Preller from Trustmark and Patricia Burleson, LFH cardiopulmonary rehab nurse.

PARENT'S PLACE

Dr. Sherri Singer

Hi Dr. Singer,

We have read your column for a long time and like what you say. We have a neighbor who we think could use your advice and philosophy for their parenting skills. We are embarrassed to bring it up to them in person, so we thought that maybe if we called you and you could write about it, it would be a great way to get the information to them. The problem is that they do not control their kids' behavior at all. They have two little kids who are just out of control and instead of going in and stopping the behavior and teaching these kids how to act, the mom is reading all of these "parenting" books which tell her to not stop the behavior and just let the children do what they want in the interest of saving self-esteem. We think it should be the exact opposite. We think that through lack of discipline, these 2 kids are being destroyed and will never learn to behave appropriately. This can mean a life with a lot of problems. I don't want to see this happen to these adorable little boys. Any words of wisdom you can offer will be appreciated.
A concerned neighbor.

Hi Concerned,

I appreciate your concern for these two kids, but you must keep in mind that no matter what I write or what you say, ultimately, you cannot parent these kids from a distance. That is their parent's job. Even if you disagree with the way they are doing it. I think your effort is very admirable and your concern is heartwarming, but unfortunately, if you presented it, your concern would probably be met with defensiveness and nastiness. Most people do not like to be told or showed that they are not doing a good job of parenting their kids.

With that said, I will say that I think our society in general has a real parenting crisis going on. Very unfortunately, parents in this society have been told too many wrong things by books. From faulty information, many parents believe that complete permissiveness and quiet reasoning are the way to go. They have been taught that if you negotiate with a screaming child, you are teaching the child that his or her opinion counts for something. They have been taught to ignore obnoxious and heinous behavior and have been told that it goes away if they do that. These are just a few of the illogical things that I have seen cause the destruction of many a kid. How do I know this? Because I see parents every day who have tried those ways and found them to do nothing more than create an out of control child. Then I help them put it right. I call it the "walking on eggshells generation." Too many tantrums, too many parents walking on eggshells to avoid the tantrums! Do not get me wrong. I do not blame parents at all for this. When I browse the shelves of the bookstores and see what is out there and available to teach parents how to stop bad behavior, it is no wonder for me why there are so many parents and kids having trouble and sadly, so many parents who are not enjoying their children the way they could.

What is missing from most if not all of these books is the concept that what makes bad behavior go away is effective, appropriate punishment. Appropriate punishment is truly the only thing that stops it. Many of these experts get upset with the concept of punishment because they feel it is terrible or hurts the child somehow. I disagree wholeheartedly. I believe the child who is never punished, never learns his or her behavior is not acceptable, and never learns how to behave correctly, ultimately suffers much more punishment in life, and later in life, he or she suffers that punishment with people who do not care about him or her. Which is more punishing...allowing a child to grow up thinking that obnoxious behavior is OK or training the child the right way around loving parents so he or she can live successfully and peacefully?

Now, when I say punishment, I do not mean beatings, spankings or anything else physically abusive, because that is not true punishment. That is power abuse and there is a big difference. I am talking about actions taken by parents that cost the child something important and I do not mean taking away privileges because in my experience it does not work! Not for long anyway. There are plenty of ways to wake a child up to getting rid of certain behaviors.

The problem is that many parents are afraid to implement the punishment for fear of the child not loving them anymore, the authorities coming to get them, or looking like a bad parent. There are lots of reasons. I tell parents everyday that good discipline is one of the most important things a parent will ever do for a child. And, your child will love you always, even through discipline, if you do true discipline and not power abuse. No one loves a power abuser. The hard part but the truth is that we are raising our kids to live without us. That takes self-discipline. Self-discipline grows from appropriate parental discipline. Sometimes that takes things that do not feel very good to us as well as our kids. And, the authorities are not going to come get you unless you are doing something inappropriate and good discipline is never inappropriate.

Another reason many parents do not discipline their kids right away effectively is because they themselves might have been victims of a power abuser and now they are going the opposite direction. They are not aware the there is a such thing as appropriate discipline, a middle ground between doing nothing and power abuse.

Again, please remember that if you directly present this to your neighbor, you will more than likely alienate your relationship and cause a lot of defensiveness. If she reads my column, maybe she'll catch it, but I would tread lightly!

Dr. Sherri Singer is a Licensed Clinical Psychologist and Childhood Behavior Specialist. She regularly works in person with many readers of this column, helping them to significantly improve their kid's behavior and processing skills. New to Dr. Singer's practice is her very powerful "Tic Mark System of Behavior Improvement in Kids." This system has promoted unbelievably fast behavior change both at home and school with very little work from parents and teachers. Dr. Singer continues to help kids with improving focus and processing in her Total Success and Pace Program. For an appointment, please call (847) 577-8832 or (708) 962-2549.

Creating memories to last a lifetime

By LISA ROWE
Staff Reporter

Amidst all the planning and bustle, a wedding can fly by for the bride and groom, barely giving them enough time to enjoy their special day. Photographers and videographers help preserve the special moments before, during and after the ceremony, capturing moments that will last a lifetime.

Photographers and videographers are versatile and can mingle with your guests, taking pictures and taping various parties at your reception. Many of these images the bride and groom never see while at the reception and help share moments that might have been missed.

The best bet is to ask friends and relatives for photographic references. Browse through their wedding albums to see if you like their photographers' work. If you have more photographers to choose from, couples can make a selection that will fit their budget and the style of photography they desire at their wedding.

When selecting a photographer, take a look at their portfolio to see what style of photographs they take. Question the photographer about how many pictures will be taken at each site, what photo packages they offer and the cost of each, what size prints are offered in what format, the cost per print and how much the deposit will be.

Discuss when you would like to have pictures taken. Sometimes taking pictures after a ceremony, when guests have already left, alleviates stress on the bride and groom caused by a crunched time schedule. Also decide whether you would like mostly candids or posed photographs.

Many couples also inquire about black and white photography, which has become very popular, as an option to be included in their photography package. Black and white photos emphasize textures and details, such as buttons and bows, placing the focus on the subject rather than the color.

Many couples choose to have a separate album for black and white photos. Black and white photos can also have hand-colored oils added, adding subtle color accents to the photograph, while the attention still remains focused on the subjects. Pictures taken with regular film are usually developed one to two weeks after the event.

Digital photography is becoming popular with couples who wish to put their prints on a web site for distant relatives and friends to view. The image quality is less sharp, but can be viewed right after they have been taken. Many photographers charge twice as much for digital photography, so be aware of the cost if you have allotted a certain amount of money in your budget for a photographer.

Wedding photographers can capture candid moments as well as formal shots. Most are versatile and offer many styles of photography.

When choosing which prints for your wedding album, separate the pictures into different groups. This will make choosing a few favorite pictures from each group easier. Making a decision regarding which prints you want to include in your album can take many weeks before a final decision is made.

Wedding videos can be the next best thing to being at the ceremony. Videos are great for people who couldn't make it to share your special day.

View some tapes the videographer has taken from previous weddings to get a feel for what to expect as a final product. Different editing options can also be discussed, such as dissolves, text, graphics and adding music to the tape.

Don't forget to ask the videographer about the type of packages they offer, as well as what type of equipment they will be using. Some videographers use multiple cameras to capture the wedding ceremony and reception, which might increase the overall cost.

If you plan on making multiple copies, ask how many tapes are included in each package and if the cost is included in the package price. If not, ask about the cost per tape and how much time is required to make duplicates.

When hiring a photographer or videographer for your wedding, start looking early. Services should be booked nine to 12 months in advance to ensure you will have the perfect photographer or videographer to capture that special moment in life.

Old Orchard Country Club
Address: 700 W. Rand Rd., Prospect Heights
Phone: (847) 255-2025
Par: 70
Holes: 18
Yardage: 6,112 (men's); 5,731 (ladies)
Head P.G.A. pro: Marc Heidkamp
Difficulty: Moderate-Difficult
Easy holes: #1 (par 4, 387); #14, (par 3, 147); #10 (par 4, 282).
Difficult holes: #17 (par 3, 230); #13 (par 4, 444); #9 (par 5, 519).
Signature hole: #17. This 230-yard gem of a par-3 requires a tee-shot through a narrow schutte of trees with a 195-yard carry over water. But the fun has only begun as the pin is usually tucked behind a bumker guarding a large green, which invites a three-putt at any time if not careful.
Clubhouse amenities: Old Orchard provides complete banquet facilities, catering to outings, weddings and funerals. The course restaurant features a top-shelf sushi bar and Japanese cuisine to complement its American menu. Old Orchard also features a putting green and two practice nets, one indoor and two outside. Full-service pro shop and golf instruction available.
Prices: Weekdays: $59 for 18 holes, $49 for 18 after 3 p.m., $24.25 for 18 (walking); $39.75 for 18 after 4 p.m.; for 9 holes, $32.25 (after 4 p.m.), walking $24.25. Fridays-$84 two-for-one special from 7-9 a.m.; 6:30 a.m.-3 p.m.-$69 for 18; 3-4 p.m.-$59 for 18, 4-6:30 p.m.-$31 for 18 (walking). Also on Fri. (after 4 p.m.)-$46.50 for 18; after 4 p.m., $39 for 9. Sat., Sun. and holidays-$69 for 18 (6 a.m.-1:30 p.m.), $59 for 18 (1:30-4 p.m.), 4-6:30 p.m.-two-for-one special-$86.50, 4-6:30 p.m.-$31 walking, $46.50 for 18, $39 for 9; Mon., Tues. and Wed.-Two-for-one (6:30-8:30 a.m.)-$76.50. Early Bird Special (Mon.-Wed., before 8:30 a.m.-$76.50. **Note:** All prices include carts, which are mandatory until after 4 p.m.
Comment: "For a public course, Old Orchard is the closest thing in the Chicago-area with country club atmosphere and conditions. The prestine-conditioned and mature tree-lined fairways with gorgeous floral arrangements around all of the tee boxes make it one of the finest courses you'll play in the Chicagoland area. Watered fairways."

Difficult holes: #4 (par 5, 556), #12 (par 5, 501), #15 (par 4, 425)
Signature hole: #4. Dubbed "The Monster" because of its sheer size, this very difficult hole will provide problems for all but the most accurate golfers. A driver is recommended off the tee, and a three-wood is recommended for the approach but be careful. The elevated green has water in the front, woods in the back and out of bounds to the left.
Clubhouse amenities: Limited pro-shop and full-service bar and restaurant are available. There are also practice tees and greens available as well as limited banquet facilities and small outings.
Prices: Weekdays: $17 for 18 holes, $10 for nine. Weekends: $21 for 18 holes, $11.50 for nine. Gas carts are available for 18 holes at $26 for 18 and $14 for nine holes. Seniors-weekdays only-$6.75 for nine and $11.75 for 18.
Comment: "We have grass bunkers, watered fairways and greens that are in excellent condition. The course, built in 1927, is surrounded by tall trees and is in outstanding shape."-*Joyce Wagner/Owner*

Holes: 18
Yardage: 6,631 (regular tees)
Head P.G.A. pro: Bill Ebdon
Difficulty: Moderate-Difficult
Easy holes: #1 (par 4, 394), #7 (par 5, 501), #10 (par 4, 409)
Difficult holes: #9 (par 4, 452), #16 (par 5, 568), #18 (par 5, 559)
Signature hole: #18 (par 5, 559). A terrific par-5 with a generous fairway but tree-lined on both sides. Most likely a three-shot hole with the approach shot heading straight at the clubhouse to an uphill green, which is fronted by a rock incline to a smaller green. Length definitely adds to the test, where if played from the tips, measures 600 yards.
Clubhouse amenities: Thunderhawk offers a full-service pro shop, restaurant, bar, locker rooms and showers available. Banquet facilities that seat up to 200 people also available. Enjoy a sandwich in the Tall Tails Grille on the back patio, which overlooks the majestic finishing hole. Thunderhawk also offers putting greens, grass and matted driving range, a chipping area, and practice bunker available to players/guests. Lessons also available.
Price: Non-residents, Monday-Thursday, $94 ($70 to walk). Weekends (non-residents)-$98 (includes cart). Note: These rates are a one-price fee, whether walking or riding.
Lake County residents enjoy a $20 discount on all rates. Reservations accepted up to two weeks in advance.
Comment: "Another Robert Trent Jones, Jr. gem. Thunderhawk is a championship-designed course built over a 243-acre forest preserve. The course mixes mature oaks, pristine wetlands and native prairie grasses. Fairways generous and wide but accuracy very crucial on many shots. Challenging to all skill levels, with five sets of tees. We have received a four-star rating from'Golf Digest' "-*Bill Ebdon*

Difficult holes: #3 (par 5, 511), #18 (par 4, 398), #6 (par 5, 536).
Signature hole: #8 (par 3, 142). A beautiful par-3 with a lake behind the green. The undulating green is also surrounded by sand bunkers all around the perimeter.
Clubhouse amenities: The clubhouse features a full-service pro shop and full-service bar and grille offering lunch and dinner. Outings are available and encouraged. Locker rooms with showers are available for guests Practice green and heated/covered driving range with both grass and mat tees are also available for players.
Price: Through 3 p.m. weekdays/4 p.m. weekends: Residents of Vernon Hills-$69, non-residents-$82. Midday rates (3-4 p.m. weekdays, 2-4 p.m. weekends): $55 residents, $65 non-residents. After 4 p.m. every day: $38 residents, $38 non-residents. After 5 p.m. weekends (Vernon Hills residents only) $25. Carts with new GPS system included in all prices.
Comment: "This links-style course offers a variety of challenges. The course is very open but sand traps are in abundant supply, to the tune of approximately 5 and a half acres worth. The course also has bent grass fairways and greens. The course's indifferent holes and five sets of tees add variety and is fair to every skill level.-*Mike Williams*

The 19th Hole

Outings

Wendy's Restaurant and ESPN Radio are taking on the challenge of beating the Guinness Book of World Records time for the fastest round of golf. The event will be held at Midlane Country Club in Wadsworth on Monday, July 30 at 8 a.m. Proceeds from the event will benefit Wendy's owner and founder Dave Thomas' Foundation for Adoption.

Over 144 golfers will strategically line the fairways and greens with a sounder signaling the start of play. Starting at the first hole, one player will tee off. After the ball comes to a complete stop, the closest player to the ball will hit it again. The process will continue until the ball settles in the cup. Immediately after the ball is in the cup, a sounder will signal the start of the next hole. The current for the Guiness World record stands at 9 minutes, 28 seconds, set in Boston. Out of 1000 attempts last year, the best time was recorded at 13 minutes, 40 seconds.

Later in the day, a shotgun best-ball tournament featuring current and former sports players and celebrities will take place. This event, which begins at 11 a.m., will feature celebrity/athletes such as Steve McMichael, John Paxson, Neil Funk and Thomas Sanders, to name a few. Following golf will be a silent auction, awards ceremony and banquet. ESPN Radio will be broadcasting the event live from 3-6 p.m. Interested in participating, please look up ESPNRadio.com for further details.

The 2001 Lake County Chiefs of Police Golf Outing will be held Tuesday, Aug. 14 at Steeple Chase Golf Club in Mundelein. The cost is $80 per golfer, which includes electric cart and lunch. The cost for lunch only is $20. Hurry and register because the field is limited to 144 golfers. Interested parties should submit names of golfers and/or lunch guests along with a check made payable to Lake County Chiefs of Police Association. Hole sponsorships are also available starting at $100. For further information, please contact Cynthia Peart at the Mundelein Police Dept. at 949-3258.

The Special Recreation Association of Central Lake County (SRACLC) Seventh Annual Golf Outing will be held on Wednesday, September 19 at Steeple Chase Golf Club in Mundelein. The day begins with 18 holes of golf with a 1 p.m. shotgun start. The format for the event is a scramble (best ball). Express bag lunches will be handed out prior to golf. Following golf will be a buffet dinner, along with the announcing of contest and raffle winners.

There are also several golf and sponsorship packages available. Interested parties can contact John Buckner at SRACLC at 816-4866.

Proceeds from the event will benefit the Association's Special Olympics Training Programs.

The GLMV Chamber of Commerce Annual Golf Outing will take place on Wednesday, Aug. 8 at Village Green Country Club in Mundelein. The event is a 4-person scramble with shotgun starts of 7:30 a.m. and 12:30 p.m. A cocktail party, dinner and live entertainment will follow golf. Costs include: for breakfast, cart, golf and lunch, $90; for the 'complete' package, including breakfast, cart, golf, lunch, cocktails and dinner, $130; the 'super package', which includes one complete golf and two dinners, $170; and, for cocktails and dinner only, $60. Dinner includes a super char-broiled filet mignon, baked potato and corn-on-the-cob. Outing sponsorships, such as cart, hole and tees, are also available.

For further information, please call 680-0750.

The Pioneer Foundation Golf Outing is scheduled for Sept. 12 on the Trevino Course at Geneva National Golf Club in Lake Geneva, Wis. The event begins with lunch at 11:30 a.m. followed by golf with a shotgun start at 1:30 p.m. Following golf with be cocktails and dinner at 6:30 p.m. The cost is $250 per golfer or $1,000 for a foursome. Hole sponsors starting at $200 are also available. Ticket prices include golf, cart, lunch, beverages, awards dinner and prizes. For further information or an entry form, please call (815) 344-1231. The Pioneer Foundation has historically supported Pioneer Center in McHenry. The Pioneer Foundation's mission is aimed at securing financial and educational resources for organizations providing services to the mentally and physically challenged.

THE CENTER for Enriched Living is seeking golfers and corporate sponsors to take part in their annual Golf Scramble fund-raiser. This event will take place on Thursday, Sept. 6 at Midlane Country Club in Wadsworth. Individual golfer cost is $200 which includes green ands golf cart fees, lunch, dinner, beer cart, open bar and a golfer goodie bag. Schlei posts third win of season; Flesher notches first

Jeff Flesher of Gridley, IL made his first-ever run at Premier Racing Production's Wilmot Speedway memorable by scoring a heat race and 20-lap feature win in the Midwest Auto Racing Association (MARA) sanctioned events. Flesher's wins highlighted the July 21 program, sponsored by Digital Direct of Antioch.

Lee Tibbitts of Hebron scored his first 20-lap IMCA modified main event victory of the season in a hotly contested battle.

In other action, Eric Barth of Sauk City, Wis. won his third INEX Legend Cars main event of the season overall, but his first-ever at Wilmot.

And, Tony Schlei of Zion chalked up another feature win in the Herb's IMCA Hobby Stocks main.

"When you don't have rear view mirrors, you don't always realize how close everybody is," said Flesher, referring to the final of three caution flags in the event, coming with three laps to go. "I goofed up once, but I guess the guys did behind me, too, so it didn't end up hurting me."

Rich Camfield of Decatur, IL the MARA pointleader, finished a strong second. Kevin Olson of Rockford, who started in the last row of the main after experiencing a flat tire in his heat race, brought his overheating mount to third. Tony Rossi of Arvada, Colorado caught Dave Strickland Jr. of Denver, in the final laps to finish fourth. The first five laps of the main saw four different leaders and at least a half dozen lead changes in the first midget event at Wilmot since 1995.

"I didn't like getting the win that way," said Tibbitts, referring to a black flag for race leader Rob Olson sending him to the pits in the IMCA modified main with five laps to go. "I'd much rather race Rob for the win."

Olson received the disqualification for running inside the infield tires just after taking the lead with eight laps to go. Tibbitts inherited the lead when Olson pulled off the track, going on to hold off Jason Hyerdall of Wildwood for the win. Jim Morrison of Antioch was third, Elmer Everman III of Kenosha fourth, and Mike Sullivan of Trevor fifth.

LET'S GO RACING

Michael H. Babicz

"That yellow sure didn't make it any easier on me," said Barth, noting the caution with five laps to go in the INEX Legend Cars main. "It was a little rough, but it was fun. I canít wait to come back in September. Hopefully, it'll be a little cooler and I won't have to work so hard."

Barth had opened a sizable lead after taking top spot away from Ric Mattie on lap two. A caution with five laps to go erased the lead, but Barth was up to the challenge. Warren Ropp of Kalona, Iowa came home second. Chad Spark of Wonder Lake was third, Darwin Banes of Beaver Dam fourth and Bill Edeus of Orland Park, IL fifth.

"The trick is to keep your wheels under you, I guess," said Schlei, who kept having his competition in the hobby stock main fall by the wayside due to flat tires. "The car just keeps running great."

Schlei inherited to lead after Lyle Bottlemy was forced to pit while leading lap two, then Dave Grenlund, who took the lead when Bottlemy pitted during a caution, also was sent in for a flat. The lap prior the three had crossed the stripe side by side. Schlei was followed in the top five by Jim Scanlon, Billy Shawn Bourland of Chicago, John Simons of Chicago and Joseph Mathews of Pleasant Prarie, Wis. and The only repeat winner was Zion's Tony, who took top honors in the Herb's IMCA hobby stock main event, his third win of the season in four starts.

Sprint car racing returns to Wilmot Speedway on Saturday, July 28 as the Star Trac 410 Outlaw Sprints highlight the Body Craft of Antioch Night program. The IMCA modifieds and the Herb's IMCA hobby stocks are on the card as well. Grandstands open at 5 p.m. with sprint time trials at 6:15 p.m. and racing at 7 p.m.

The MARA Midgets will return to Wilmot on Saturday, Sept. 8. The next INEX Legend Cars appearance will be on Sept. 15. Wilmot Speedway is located on the Kenosha County Fairgrounds in Wilmot, Wis. For the latest information phone the 24-hour racelines (262) 862-2446 or (847) 838-RACE.

Super Seniors find home at Stonewall Orchard

By JOHN PHELPS
Sports Editor

What organization would allow one to make money and build a retirement fund while playing golf all at the same time?

Try the Super Seniors of the Senior Professional Golfer's Association.

The Senior PGA Tour consists of players 50-years and older. But the Super Seniors, which started in 1987 under original sponsor R.J.R. Nabisco, consists of players 60-and-older.

"It's really great. It's like a tournament within a tournament," said Senior PGA Tour player and Super Senior Rocky Thompson, winner of over $200,000 on the 2000 Super Senior money list. "We call it double-dipping."

What Thompson refers to is that at almost every stop on the Senior PGA Tour, the Super Seniors have their own event within the actual tournament.

Normal Super Senior tour events begin on Friday and conclude Saturday, while the regular tournament includes a final round on Sundays. There are approximately 17 Super Senior events during the season.

The normal purse for each Super Senior event is $200,000, with $34,000 going to the winner.

"The best thing about 'double-dipping' is that you can make money in the Super Senior event and still have a chance to cash in for the regular tournament," said Kevin Thomason, Administrator for the Super Seniors Program for current sponsor Georgia Pacific. Georgia Pacific, based in Atlanta, is the umbrella sponsor for the PGA Tour. "We try and get at least 13 Super Seniors for each event."

On top of that, earnings from the Super Senior events can be applied towards a retirement fund.

"They can contribute to it and draw from it as long as they play in at least 11 events," added Thomason. "It's a nice supplemental income with Georgia Pacific's program. That's how we set it up originally."

The only controversy, according to Thomason, is that spots for the regular Senior events are limited if you have too many Super Seniors in the field.

"The challenge is keeping the Super Senior events competitive. The less marquee names we have, the less we sell the tournament," said Thomason.

And the Super Seniors have definitely found a home at Grayslake's Stonewall Orchard, at least for the past two years. It all happened by accident, but Stonewall Director of Golf and Managing Partner Bob Malpede welcomes it with open arms.

"With the heavy rains two years ago, Marriott, who was going to hold the Super Senior Pro-Am, was under water," he said. "So operations suggested our course. They called me 24 hours before the event was going to take place and we worked things out. I don't think anyone's disappointed. Everyone loves the course."

While the last two Super Senior Pro-Am's have been held at Stonewall, next summer isn't a lock as of yet.

"We'd certainly love to host this again next summer," added Malpede. "We've developed a nice marriage with Georgia Pacific. Overall, though, hosting an event like this hopefully will lead to the possibilities of hosting other professional events."

Meanwhile, the latest Super Senior Pro-Am was held at Stonewall July 19.

Thirteen Super Seniors, or legends of the game, gathered for the SBC Pro-Am, serving as a prelude to the SBC Senior Open tour event held at Kemper Lakes over the weekend.

The field at Stonewall included the likes of Thompson, Jimmy Powell, 2001 Super Senior money leader George Archer, Lee Elder, Mike Hill, Tommy Aaron, Jim Albus, Tom Shaw, J.C. Snead, Dewitt Weaver, Jim Dent, 70-year-old Super Senior Miller Barber and Al Geiberger, also known as 'Mr. 59' for shooting the first sub-60 round in a regular tour event in 1997.

"This is a terrific golf course, probably one of (architect) Arthur Hills' best pieces of work," said Geiberger.

Each Super Senior was paired with four amateur partners in the Texas scramble format, which consisted of all players in the group hitting their first two shots. From there, the group takes the best shot and everyone plays from that spot through the green.

River Grove's Dave Marin, playing in the group with Super Senior Jimmy Powell, agreed with Geiberger.

"The course is great. It's very challenging with a lot of sand (bunkers)," he said. "And Jimmy (Powell) was great. A couple of the guys in our group did lousy but Jimmy held us together. He hits it so solid and his putting is unbelievable."

Meanwhile, Georgia Pacific would also love to have the chance to return to Stonewall next summer.

"A lot of people in the golf business know Bob (Malpede)," said Chris Moser, who works for Tournament Operations for Senior PGA Tour.

Hockey camp offered at Rink Side

Dave Mackey, head coach for Warren High School hockey and former NHL (Blackhawks, North Stars and Blues) and IHL (Wolves, Admirals and Solar Bears) professional is again offering a summer hockey camp for high school-aged skaters. The camp will run from Aug. 6-10 at Rink Side Sports at Gurnee Mills. On Mon., Tues. and Thurs. campers will meet from 6:45-8:15 p.m., on Wed., from 7:45-9:15 p.m. and on Fri., from 5:45-7:45 p.m.

The cost is $160 per camper and is for hockey players ages 14-18. Full hockey gear is required. Coach Mackey will be emphasizing proper techniques in skating, passing, shooting and stick handling. The enrollment is limited, so hurry. Registration and payment in advance is highly encouraged. Please call Coach Mackey at 265-4626 for further details.

And speaking of hockey, the Warren Blue Line Hockey Association (WBLHA) is hosting summer warm-up, at Rink Side Sports for all high school-aged hockey players, boys or girls, in the Lake County area. Players must show proof of USA Hockey Insurance, or pay a $25 fee to sign-up for coverage.

The last available dates include Thursday, August 2, 16 and 23 from 7:45-9:15 p.m. The cost is $10 per 90-minute session or $40 the first evening for five sessions.

Sessions will be supervised on ice by Dave Mackey.

WBLHA has also announced it is looking for an assistant JV coach for the upcoming 2001-02 season along with a goalie coach on a per session basis. Both are paid positions.

Warren High is entering its third season playing in the Metro Central High School League. Practices and home games are held at Rink Side Sports. The season runs from late August through February. Mackey, a former Chicago Blackhawk and Chicago Wolves player, is the head coach of the Devils.

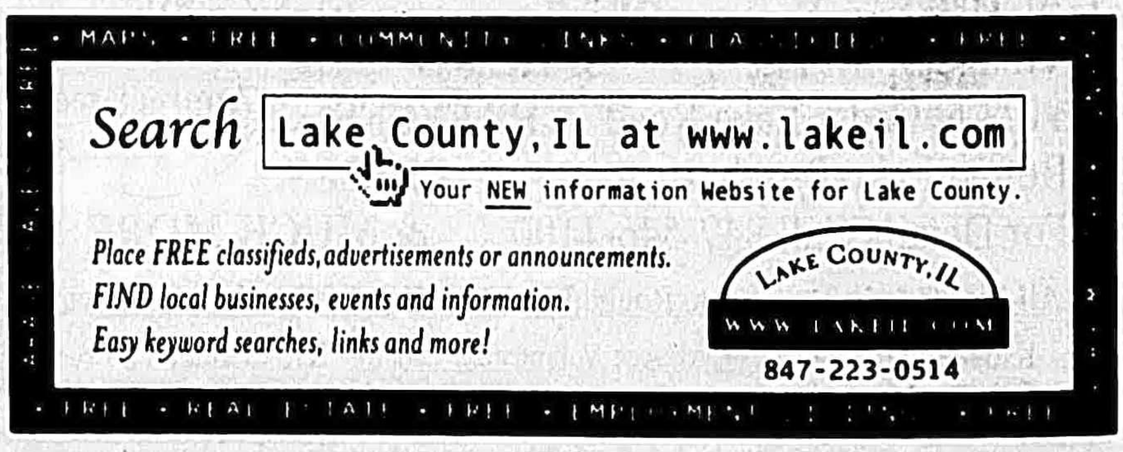

Grayslake High meeting Aug. 6

Grayslake Community High School will hold a fall information and sign-up meeting on Monday, Aug. 6 at 6:30 p.m. in the Field House. This meeting is for all athletes ninth-12th grades interested in participating in the following sports: boys and girls cross-country, football, boys golf, boys soccer, girls tennis, girls volleyball and girls cheerleading.

A parent or guardian and the athlete should attend this informative meeting. All required paperwork will be disbursed at the start of the meeting and can be turned in at its conclusion along with the $75 athletic fee. There will be explanations of training rules, drug-free student athlete statement of acknowledgment forms, emergency cards, parental consent forms, and sports physicals. Each sport will distribute specific team rules and regulations and have a team meeting.

For further information, please contact Athletic Director Troy Harper at 223-8621, ext. 120.

World Series champs!

The Lake Villa Mustang White Sox capped off an 18-1 season by capturing the World Series title in Lake Villa. The Sox defeated the Astros 8-5 in the semifinals, followed by an 8-1 victory over the Angels in the championship game. Members of the White Sox include (in no order) Kyle Sytsma, Daniel Burnett, Taylor Breum, John Grays, Jeremy Joyce, Matt Gardynski, Melanie Severs, Sam Babin, Brian Baiocchi, Glenn Peterson, Tyler Severs and Brian Serio. The Sox are coached by Ray Burnett and John Sytsma.

LOCAL SPORTS DIGEST

The Court Aces, Celeste Pregracke and Becky Gifford, will be running the Regional Tennis Meet for Northeastern Illinois Special Olympics.

This annual event cannot be held without the help of volunteers. Volunteers will be needed throughout the day to assist the Court Aces on the fun court, to pick up balls, to help on a match court or to just provide encouragement. The work is fun and very rewarding.

The event will be held at Riverside Park in Libertyville on Saturday, July 28. Opening ceremony starts at 9 a.m. and the competition runs from 9:30 a.m.-4 p.m.

Volunteers may choose the hours convenient to them with a minimum of three hours.

Brian Penticoff of Libertyville Parks and Recreation and the Court Aces, Celeste Pregracke and Becky Gifford will then combine efforts in running a tennis tournament for all levels and all ages starting at 8 a.m. on Wednesday, Aug. 8 and Thursday, Aug. 9 if needed.

Advanced, beginner and up are invited to attend. Players will be placed in a division of similar level and play will be round-robin style.

The cost is $12 per player per event. Prizes will be awarded to winners of each event.

Tournament central will also be at Riverside Park Tennis Courts in Libertyville. Nicolas Dowden will also be used if needed. Sign up with Becky, Celeste or at the Libertyville parks office on Winchester Rd. Entries will not be accepted without payment.

Players are advised to bring food and drinks and should plan to spend the day at the courts.

For information on either event, please contact Celeste at 662-5038 or Becky at 438-6651.

An **AESP Coaches Clinic** is slated for Downers Grove on Aug. 4 at the Holiday Inn Express and in Rockford on Aug. 5 at the Best Suites for anyone interested in becoming certified to coach middle or high school athletics. The successful completion of the ASEP leader level program is required by the Illinois High School Association for all non-faculty coaches. To register or for more information about this or future clinics contact instructor Jeff Kyle at (217) 586-4799.

More than 20 professional athletes, including Dan Marino, John Elway, Joe Montana, Ray Bourque and Whitey Ford will sign autographs at the **third annual Sports Collector's Digest SportsFest 2001** at the Donald E. Stephens Convention Center in Rosemont, Aug. 2-5.

For more information and show times for the SCD SportsFest 2001, or to order tickets in advance, call (877) 746-9757.

Rabid bats identified in Lake County

Residents advised to avoid contact

The Lake County Health Department/ Community Health Center is urging Lake County residents to avoid contact with bats. The health department identified two rabid bats; one found in Wildwood tested positive for rabies on July 11. No human contact with that bat was reported. Another bat found in Zion tested positive for rabies on July 17. Since the bat was flying inside an apartment complex, human contact could have occurred. Five people living at the complex were advised to receive post-exposure rabies treatment.

Rabies is a fatal disease that affects the nervous system of humans and other mammals. It is transmitted by bite of a rabid animal or by a contact between infected saliva and open wounds or mucous membranes of the eyes, nose, or mouth. There is no airborne transmission in buildings or from bat blood, urine or feces.

Bats don't always show clear symptoms of rabies. Residents should not try to catch or touch bats. In addition, a bat that is active by day, is found in a place where bats are not usually seen (such as in your home or on the lawn), or is unable to fly, is far more likely than others to be rabid.

The health department offered a few tips to prevent rabies:

• Teach children never to handle unfamiliar animals, even if they appear friendly. "Love your own, leave others alone" is a good principle for them to learn.

• Keep vaccinations current for all of your pets. If outside, keep your pets under direct supervision.

• Keep stray animals out of your neighborhood by calling Animal Control. Consider having your pets spayed or neutered.

• Contact animal control authority to have all dead, sick or suspicious bats tested for rabies if contact with people or pets may have occurred.

• Wash any wound from an animal with soap and water and seek medical attention immediately.

• Prevent bats from entering living quarters of occupied spaces in homes, churches, schools and other similar areas where they might come in contact with people.

Many are unaware that bats play an important ecological role. They kill insects, including mosquitoes that may transmit various diseases. Several species are protected under the Endangered Species Act.

If there is a possibility that you or a family member have been bitten or touched by a bat (even while sleeping), call a physician and the health department immediately at 360-6423. For information on pet vaccinations and methods for excluding or testing bats, call the health department's animal control facility at 949-9925.

ANSWERS

HOROSCOPE

Aries – March 21/April 20
Don't get carried away early in the week. There's too much going on to lose your head. An outburst only will make things even more hectic. An old friend has a proposition for you. Look at everything that is involved before making a decision. Something just isn't right with the whole deal.

Taurus – April 21/May 21
Your persistence pays off when it comes to romance this week, Taurus. That special someone finally says yes. He or she just needed to see how serious your feelings were. Don't be cavalier now. Wine and dine him or her, and show your true feelings. A loved one needs your help with a family matter. Be supportive.

Gemini – May 22/June 21
Your professional life keeps you on your toes during the middle of the week. A lot of demands are put upon you. Stay focused and organized — that is your key to success. A close friend wants your input on an important decision he or she has to make. Be honest. The truth is what's needed.

Cancer – June 22/July 22
Don't let your desire for more let you give up all that you already have, Cancer. Open your eyes to what's in front of you. You've been taking those closest to you for granted. Show them how much you really care. A business associate asks for help later in the week. Do what you can, but don't fall behind in your own tasks.

Leo – July 23/August 23
Don't get overcome by the call of the wild, Leo. There's a lot of work to be done this week. You have demands on you in both your professional life and your personal life. Set your priorities early in the week, and you'll get things accomplished by Friday, leaving you plenty of time to enjoy the weekend.

Virgo – Aug 24/Sept 22
Your orderly nature serves you well early in the week, Virgo. By keeping things organized, you make a lot of progress. Don't forget to delegate some of your less important tasks. You have every right to do so. A friend introduces you to an interesting person. Be yourself, and you're sure to make a good impression.

Libra – Sept 23/Oct 23
You're flying high this week. Your efforts are being rewarded in the workplace, and your personal life is going well. The person whom you've been seeing wants to intensify the relationship. Say yes — you know that is what you want too.

Scorpio – Oct 24/Nov 22
You have a lot of decisions to make, Scorpio. Examine all of your options carefully. Don't be too hasty. Remember, the repercussions won't just affect you; those closest to you are involved also. A business associate wants to get to know you better. Don't get in over your head.

Sagittarius – Nov 23/Dec 21
Your bravery wins you accolades early in the week. You stand up to an adversary at work and make a bad situation better for everyone. The higher-ups are impressed with your efforts. That special someone wants to call it quits. Don't give up without a fight. He or she means too much to you.

Capricorn – Dec 22/Jan 20
Don't be shy when it comes to meeting an important person this week. Impress him or her with your knowledge and abilities. He or she is sure to take an interest in you. Opportunity is knocking. A loved one needs romantic advice. Don't venture into unknown territory. Tell him or her that you just don't know what to say.

Aquarius – Jan 21/Feb 18
Telling a lie gets you into a lot of trouble late in the week. You spend several days trying to get things back on track. Remember, honesty is the best policy. A close friend has a surprise for you. Enjoy the suspense, and let yourself go. You haven't been able to relax in a long time.

Pisces – Feb 19/March 20
The stress of the past few days finally is gone, Pisces. You can relax and enjoy yourself. Take some time to pamper yourself — you deserve it. An acquaintance has an interesting question for you. Be honest. Leo plays a key role on Friday.

Illinois nursing homes mobilize to help seniors beat the heat

When temperatures and humidity rise, nursing homes around Illinois go on alert. A statewide association of long term care facilities is offering tips to the public on how to keep seniors safe and comfortable.

As part of its effort to protect seniors from extreme heat, the Illinois Council on long term care has sent out a heat protocol developed by the Illinois Department of Public Health.

Based on the experience and nursing homes have gained in serving the elderly, the Illinois Council on long term care advises everyone to take the following steps to protect seniors from extreme heat:

• Check the air-conditioning system frequently and monitor the temperature frequently.

• If the air-conditioning breaks down, have a plan ready.

• If you do not have air conditioning, cross ventilate. Open windows on opposite sides of the building to increase air flow.

• Pay special attention to people most at risk—those with heart, circulatory, and pulmonary problems.

• Because of decreased thirst awareness, seniors do not always know when they need fluid. Encourage them to drink more fluids when it is hot.

• Light and loose clothing are best.

• Shade windows exposed to direct sunlight.

• Keep an eye out for seniors with signs of discomfort.

• Move seniors to the coolest possible place in the building.

• Many medicines, including diuretics, sedatives, hypnotics, and anticholinergics, can make a person more susceptible to heat stress.

All seniors and their caregivers should be aware of symptoms that can signal a heat-related illness.

Power wheelchairs mobilize seniors

Senior Wheels USA along with the Miracle On Wheels program is now providing power mobility to senior citizens, 65 years old and above, usually at no out-of-pocket expense if the participant qualifies. There is no deposit required.

The electric wheelchairs are provided to those who can not walk and can not self-propel a manual wheelchair in their home or independent living quarters.

This service may also be available to the permanently disabled of any age.

Durable Medical Equipment specializes in durable medical products such as power wheelchairs and other products from Invacare, to qualified patients for medical necessity. Assignments from Medicare in all regions are accepted and Medicaid in most states and can fill any order in any city of the United States.

Please call 1-800-749-8778 or visit the web site at www.durable medical.com for additional information on the Miracle on Wheels program.

Ryan: $1.2 million in Illinois First Projects for Lake County

Governor George H. Ryan announced that he is releasing $1,201,400 in Illinois First funding for projects in Lake County, including $650,000 to Antioch Township to construct a new building to house a senior center, township offices and the school district administrative center. The township is contributing $2,145,044. This Illinois First project was initiated by State Rep. Timothy H. Osmond, R-Antioch.

Other Illinois First grants announced by Ryan:

$250,000 to the Bonnie Brook Fire Protection District to purchase a new fire truck. The district is contributing $50,000. This project was initiated by State Sen. Adeline J. Geo-Karis, R-Zion.

$140,000 to the Village of Libertyville to renovate its Central Park playground. This project was initiated by Geo-Karis.

$95,000 to the Village of Wauconda to conduct a feasibility study for the installation of sanitary sewers for the Elmcrest Subdivision. This project was initiated by State Rep. Mark H. Beaubien, R-Barrington Hills.

$20,000 to the Antioch Public Library to purchase new books. This project was initiated by Osmond.

$10,000 to Waukegan Township to renovate, repair and purchase equipment for the township's "Art Bus," a forum in which area youth can be introduced to art in their neighborhoods. This project was initiated by Osmond.

$10,000 to the Winthrop Harbor Police Department to purchase three mobile radar units. This project was initiated by Geo-Karis.

Two popular designs in Lake County Tour of Homes

During the upcoming Lake County Tour of Homes, William Ryan Homes is showcasing two of its most popular home designs—the Morgan and the Hawthorne-at two of its newest communities-Cross Creek in Lindenhurst and Ancient Oaks in Round Lake.

"These designs have proven extremely popular at other William Ryan Homes communities throughout the northwest suburbs," said Mike Hardin, director of sales and marketing for William Ryan Homes' north division.

Cross Creek in Lindenhurst

The Morgan is one of seven different floor plans available at Cross Creek, a new community of 45 single-family homes in Lindenhurst. The 2,675-square foot, two story design includes four bedrooms, 2 1/2 baths (including a luxury master bath), two-story foyer and family room, two staircases, kitchen with island, full basement and three-car tandem garage. This plan is base priced from $289,990 at Cross Creek. While not currently modeled at Cross Creek, tour visitors can view a fully decorated version of the Morgan at Forest Trail, another William Ryan Homes community located just minutes from Cross Creek on Rte. 45 one block south of Grass Lake Rd.

In addition to the Morgan, buyers at Cross Creek may select from eight other ranch and two-story designs ranging from 1,924-3,400 square feet. The homes feature three to five bedrooms and two to three baths, and are loaded with amenities such as air conditioning, fireplaces, three-car garages and landscaping packages. Additionally, each home comes with a full basement with lookout and walkout options available on many of the home sites.

Ancient Oaks, Round Lake

On display at Ancient Oaks during the Lake County Tour of Homes is the newly completed Hawthorne model. A 2,803-square foot, two-story design, this home features four bedrooms, 2 1/2 baths, formal living and dining rooms, two-story family room, first floor den, island kitchen with breakfast area, second floor loft and three-car garage. the Hawthorne is base priced from $237,990.

The Ancient Oaks neighborhood is part of the master-planned Valley Lakes community, where William Ryan Homes is building 48 luxury single-family homes priced from $209,990 to $237,990. Nine spacious, two-story floor plans are featured at Ancient Oaks offering from 2,143 to 2,803 square feet with three to five bedrooms, 2 1/2 to 3 1/2 baths, nine-foot, first floor ceilings and two or three car attached garages. Additionally, every home at Ancient Oaks includes a partial basement as standard.

"Ancient Oaks is an exceptionally appealing neighborhood featuring the best home sites within the Valley Lakes community," said Hardin. "Buyers can choose from an impressive selection of home sites, including wooded and cul-de-sac locations, all with beautiful views and many suitable for lookout and walkout basements."

More than 50 percent of the Valley Lakes community is dedicated to open space with 450 acres of nature preserves, including Arrow Lake and a protected heron rookery, as well as wetlands, forests, lakes, parks and trails, providing beautiful views for residents of Ancient Oaks.

Buyers at Cross Creek and Valley Lakes can select from an array of upgrades to add personal touches to their new homes. Morning rooms, four-season rooms, bonus rooms, extended front porches, extra bedrooms and baths, and three-car garages provide ways to expand the already large homes offered at these communities.

All William Ryan Homes are protected by a 1-2-10 year limited/transferable warranty and the company's exclusive Hard Hat Buyer Inspection program. William Ryan Homes is one of only two builders in the Chicagoland area to comply with the rigid quality standards of the Certified PLUS Home program.

Featured in the Lake County Tour of Homes, the Morgan model at forest Train in Lindenhurst features 2,675 square feet of living space with four bedrooms, 2 1/2 baths (including a luxury master bath), a two-story foyer and family room, two staircases, kitchen with island, full basement and three-car tandem garage. This home is also offered at Cross Creek, Lindenhurst.

Don't let your plants get thirsty

To get more bloom from your flowers:

1. Trim hardy chrysanthemums, boltonia and asters 2 to 4 inches one last time by mid-month to increase flower production and fuller plants.

2. Divide bearded iris every three years to promote new growth and a better blooming next season.

3. Divide Oriental poppies as the foliage withers but leave portions of the root systems intact because they will generate new plants next season.

4. Fertilize roses for the last time by the end of the month to stimulate new growth in time to mature and harden off.

•Do not become complacent about watering due to the wet spring. Spring rains have caused plants to put out abundant growth. If drought conditions follow, plants could have magnified damage.

•Closely monitor the soil moisture around crab apples which may have been partially defoliated by apple scab due to the wet spring.

•Apply slug control to hosta and flower beds. Due to the wet spring, slugs (related to the snail family but without a shell) are a problem. Signs of damage include leaves that have been eaten or a general decline of the plant due to slugs having eaten the roots.

•Inspect trees for green insects commonly called "plant bug" or "leaf hoppers." They are easily detected on leaves that are curling and discolored. Honeylocust and ash are most often affected.

•Consider starting a compost pile. Some guidelines:

1. Alternate 4 to 6 inch layers of organic material and soil in a pile.
2. Water each layer if it is dry.
3. Add a general- purpose 10-10-10 fertilizer on top of each layer.
4. Turn the pile every five to six weeks.
5. Use as mulch or as a soil amendment in 6 to 12 months, depending on the material's rate of decomposition.

ATTENTION PET OWNERS
WE DO NOT KNOWINGLY ACCEPT ADS FOR ANIMALS IN OUR FREE/ GIVE AWAY COLUMN.
If you must give up your pet, please consider these facts.
•Free animal ads suggest that there is something wrong with the animal, or that it has no value.
•Some people who respond to these free animal ads are not reputable and are more concerned about making a profit than the animal.
•Charging a fee to a potential pet owner confirms the responsibility of pet ownership for an entire lifetime of that pet. For more information, please contact the Humane Society.

Format your Resume to make it Readable

By Scott T. Fleischmann

As we have discussed in this column before, recruiters are usually overworked. Most often they are working on many open positions and they need to find qualified candidates quickly and efficiently. Since they are constantly receiving resumes from many sources, each recruiter needs to prioritize the resumes. Typically recruiters read the resumes in the order of the highest priority.

As a candidate, of course, you want your resume to be one of the first to be reviewed. But how can you attract the recruiter's attention? Recruiters will be attracted to well written, easy to read resumes that look like they are professionally done. There are professional services that will help you to put a resume together. However, if you would like to try it yourself, here are some helpful suggestions:

Use a high quality lightly colored paper for your resume, such as off white. Do not use paper that is dark or paper that has a visible pattern in the background. You want your resume to stand out in the stack of resumes, but you do not want it to appear gaudy.

Leave as much open space as possible on the resume, including wide margins and double-spacing where possible. This open space gives the impression that the resume can be read quickly.

Use a family of fonts that looks professional and vary the font within the family to highlight certain words, especially words that are important to the specific job. Do not use colored letters of highlighting on the resume. Always make the font size large enough to be easily read.

Limit the length of the resume. For most jobs one page resumes are best. However, if you have extensive experience or varied skills that need detailed explanation use as few pages as possible. I have reviewed thousands of resumes and in my opinion no resume should ever go beyond four pages.

Include only the information that is important to the job for which you are applying. If you have much varied experience, I suggest putting together a resume that includes all of that experience. However, when you send out a resume for a specific job, include only the information that is related to that job. So on the computer you may have a resume that is six pages long, but you may never send out a resume that is more than two pages.

Do not include examples of your work or pictures with your resume. If you have work samples that you believe will help you get the job, mention them in the cover letter. Explain that you would like to bring these samples along to the interview. That may be the incentive the recruiter needs to invite you in for a visit. Ultimately, the only purpose of the resume is to entice the employer to invite you in for an interview.

Finally, send a clear concise cover letter with each resume. The cover letter should describe who you are and why you are applying for a job with this company. Each cover letter should be specific to the job for which you are applying and it should give the reader a reason to look at the resume. More on cover letters next week.

Municipal

Professional Administration The Village of Fox Lake has experienced extensive growth the past decade and continues to become one of the fastest growing areas in Lake County. Due to the impact of this growth, the Village needs to focus on aligning administrative directives.

Director of Human Resources The Human Resources Director is a Village level (versus departmental) administrative position, intended to monitor and address the municipal employee relation issues. Typical activities include working with the department Heads to qualify positions, recruit and hire new staff, manage the recruitment, selection and orientation activities to include the advertising campaign, application assessment, candidate interviews, test administration, reference checking, drug test scheduling, employment recommendations, processing new employee paperwork, perform benefits administration, administer the Village's liability insurance plan, including claims processing and reporting, manage the Village's Workman's Comp program, maintain the Village employee records, act as liaison with employment agencies, professional contractors and related organizations such as IML or IRMF. In addition, they will submit recommendations for improvement of the Village Employee Policies and Procedures, provide leadership in the development implementation, and compliance of the Village Policies, federal and state laws and the collective bargaining agreements, compose correspondence, memos as required by the Village Administrator or Mayor, ensure that binding union contract agreements on work, benefit and pay issues are being properly interpreted and implemented, as well as other duties assigned by the Village Administrator. It is also expected that he/she qualify for a surety bond, and perform other exclusive requests by the Village Board. The individual should be comfortable with a high level of responsibility.

Desired qualifications required for the position are a minimum of a Bachelors degree in Business Administration or Management, and a minimum five years knowledge and administrative executive experience. Extensive knowledge and a minimum five years experience may be substituted and considered in lieu of degree. This position encompasses all Village business, administration and operations and will require an individual of integrity and dedication. The ability to interact with all staff levels, and communication and strategizing effectiveness is essential. Compensation will be based on qualifications and experience.

The positions will be subject to Board approval, and residency is not required.
Qualified and interested parties should respond with resume that includes relevant background, salary history, and references to **Village Administrator, Timothy Wells, Village of Fox Lake, 301 Route 59, Fox Lake, IL 60020; or fax to 847/587-2237.**
Search will remain open until selections are determined.

How To Survive The Job Search

By Nancy Sakol

Q: Why is it that a company has the right to do a credit check on their employees. What does my credit history have to do with getting a job in customer service? I am a recent college graduate who applied with a cellular company told me one of the requirements upon being hired was that I allowed them to check my credit history. I told them that I didn't feel that I should have any effect on my employment with them and so I refused to let them check it. A week later when I had not heard from them I called the corporate office where I had gone for the interview only to find out that I was no longer being considered for the position because I told them that I would not comply with their pre-employment screening process. I am angry because I really wanted to work for this company, and went through a three step process thinking for sure I would be hired on. My friends all say how unfair that was to dismiss my capabilities on a technicality and how discriminating that was. I have enclosed the name of the company but please don't print it. Perhaps you can look into this sort of practice and inform me what I should do. Thank you in advance. W.J. - Fox Lake (via e-mail)

A: Amazing to me how quick people are to use the word discriminating. That is not a good thing. In many cases, what one person considers to be a discrimination can actually be their own mistaken lack of knowledge or naivete. Credit checks during the pre-employment screening process are commonplace among many companies and industries as a whole nationwide. Some common industries that you would expect this from, are, financial institutions, pharmaceutical corporations, security corporations manufacturers, and the list just continues to grow. I am quite familiar with the company in question and can explain your failure to comply with their process would have ended any idea of employment with them. It is an "across the board" process for all employees nationally to have various factors checked out, including credit. It is one of several attempts to identify stability when working in an environment that may be dealing with for instance, confidential information, finances, securities or manufactured product. Take into consideration an individual working in a bank. If the individual is going to have complete access to your personal accounts and your life savings, wouldn't it ease your mind to know that the bank has done their homework enough to feel somewhat secure that the individual handling your life savings could handle their own? Corporations need to protect themselves from so many things these days and have developed all sorts of means of risk management. Your failure to comply with the credit check was strictly your choice unfortunately the wrong choice for becoming employed with them. During the interviewing process, keep in mind that there may be many things that corporations will ask of you that may rub you the wrong way. It is all up to you how much you choose to protest. There are so many factors these days to background check that you may or may not be aware of. Criminal, DMV, Credit, Drug, Alcohol, High School and/or College Degree are among those used, and the list goes on. Not all corporations incorporate them all into their structure, some have other types of verification some have more and some have less. It is all up to you what you will accept as employment standards you think are fair or not. Even with a college degree, it's interesting how sometimes it is what you don't learn in college that can hurt you the most.

Plan a great family reunion

Getting the entire family together in one place may seem harder than ever these days. Children move away for college and careers, leaving the older generations longing for the good old days when families spent their whole lives in the town.

One sure-fire cure for those empty nest blues is the family reunion. Not only are you gathering your brood for a party, but you are also celebrating the family heritage and ensuring its legacy.

Planning a family reunion is not as daunting a task as you might imagine. with just a little planning and some help from some kin, your family reunion will become the holiday you'll bring everyone home for. The planning experts at Registrars.com offer these tips for making your reunion a success.

• **Start early.** begin planning six to 12 months in advance to work out all the details. Encourage people to attend by creating invitations and mailing them out early enough to give everyone plenty of notice. Save time and money by following up with relatives by e-mail whenever possible.

• **Be consistent.** Keep attendance up scheduling your reunion for the same weekend and at the same location every year. At the close of your reunion, have a family member volunteer to host the next one and begin planning the date and costs for each family soon thereafter. This way, relatives who must pick their vacation time early can plan it.

• **Timing.** Organize the reunion for the spring or summer since people tend to have more vacation time then and the weather is warmer.

• **Use the Web.** Create a Web site so that family members can learn all about the reunion weekend. After the reunion, have everyone post photos, feedback and recap of the weekend on it.

• **Involve everyone.** Family reunions are for all generations, so be sure to plan activities in which everyone can participate. Give the children an assignment, such as passing out tickets for door prizes or helping with the guest registry. Have the older generation construct the family tree.

• **Breaking the ice.** Seeing long lost family members for the first time can be nerve racking, but there are activities to help everyone get to know each other. Pair up family members from different generations and have them ask each other questions and then tell the group what they learned. Or, bring old photographs and have everyone try to guess when and where each photo was taken.

Fox Lake Cardboard Boat Race set for Aug. 19

Ready for a challenge this summer? No, not another hot dog eating contest or a triathlon, but a real challenge. This summer take the cardboard boat challenge.

The 6th Annual Cardboard Boat Race is happening August 19 on Mineola Bay in Fox Lake, and there is still time to get your boat ready. Trophy prizes will be awarded for Best of Show and first, second and third place time finishers in each of two categories. A special award is given for the "fastest sinking" boat. Races begin at noon.

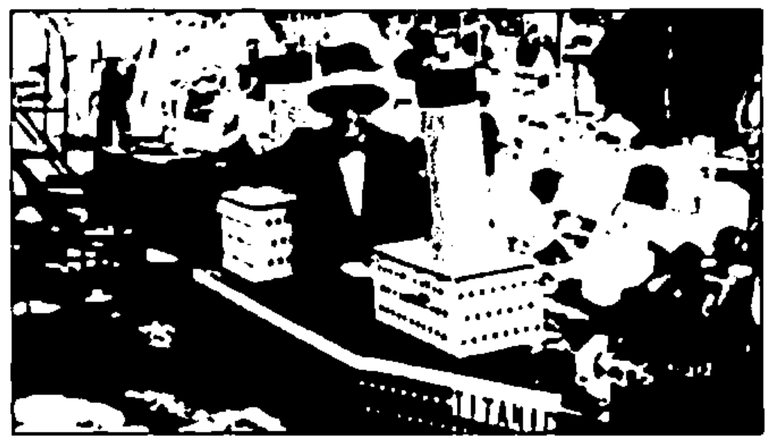

"Entrants in past events have shown a lot of creativity," reports Cindy Irwin, Race Coordinator, from "Titanic" and school bus themed boats to last year's Best of Show winner, the "Boardwiser" boat.

Boats can either be built prior to the race or with an official kit given the day of the race.

"Two or three boats are raced at a time in heats. Separate races are held for boats made prior to the race and those made the day of the race," reports Irwin. Winners in timed races are determined by fastest time on the set course in the two categories.

Boats built prior to the race must be constructed of 95 percent cardboard and be manually propelled.

There is no limit on the size of the boat or the crew.

"The largest boat we've had was 120 feet long," reports Irwin.

Painting and decorating of cardboard boats is permitted and encouraged.

Boats built on the day of the race must be constructed using materials provided in the official kit. On-site boat building begins at 8 a.m.

Kids can enter their own creations in the race also. They compete separately from the adult entrants.

"Every child who participates receives a medal," reports Irwin.

The event began six years ago as an idea among friends and has grown into an event that last year included over 120 entries and over three thousand spectators.

"Everyone who comes out has such a great time," says Irwin.

If you aren't sure how to begin building your cardboard boat, a special clinic will be held at Mineola on Wednesday, August 8. The clinic starts at 7 p.m. and is free.

There is a $25 entry fee for the race. All racers are required to wear lifejackets. No coolers or pets are allowed. Food and refreshments will be available. For more information, call (847) 587-1500.

Hustler specializes in pontoons, service and storage

For over 30 years Hustler Sport Center of McHenry has specialized in pontoon boats. Since 1974 they have been a Sylvan dealer and stock up to 20 pontoon boats a season. Stop by their 17-boat showroom to view the latest models. Or if you're looking for a special Sylvan model, Hustler's can order it for you.

Along with pontoons, Hustler's also carries a full line of aluminum fishing boats, Hewitt boat lifts and docks, Shorelander boat trailers and Suzuki, Force, Mariner and Mercury outboard motors.

It's not too soon to start thinking about storing your boat for the winter. Hustler's offers both inside and outside storage for boats and trailers. They have on-site storage available for over 300 boats. Payment plans are available for storage and there is no rules for taking your boat out by a certain date in the spring.

Hustler is offering a special deal for pontoon boat owners. Hustler's will take your boat out of the water, winterize the motor, shrink wrap the boat, summerize the motor and deliver your boat back to the water for one low price. Call (815) 385-4848 for complete details.

Hustler Sport Center also offers a complete, seven-acre service department. If you choose to store you boat at Hustler's, they can provide service conveniently, at one location. Hustler's provides Master Technician's Servicing at competitive hourly rates.

Hustler Sport Center is located at 4016 Crystal Lake Rd., just south of Rt. 120. They are open Monday through Saturday from 9 to 5. For more information call (815)385-4848 or visit their web site at www.hustlersport.com.

Chicago Air & Water Show

The 43rd Annual Chicago Air & Water Show is the oldest and largest free admission air exhibition of its kind in the United States, featuring civilian and United States military aircraft and watercraft.

Headlining an exciting showcase of aerobatics and aquatic performers will be the world-renowned U.S. Air Force Thunderbirds, the U.S. Air Force's Air Demonstration Squadron, will perform precision aerial maneuvers demonstrating the capabilities of Air Force high performance aircraft to people throughout the world. The squadron exhibits the professional qualities the Air Force develops in the people who fly, maintain and support these aircraft.

The Shell Extreme Watershow is three water shows in one, featuring The Great Lakes Pro Freestyle Tour, the Bottoms-Up Boat Jersey Skiff Shoot-Out, The Munson Ski & Inboard Water Sports "Ski Show Team."

Civilian air show performers include the Northern Lights Aerobatic Team, Lima Lima Flight Team, Sean D. Tucker & Team Oracle, Aero Shell Aerobatic Team, Red Baron Stearman, Squadron and announcer Herb Hunter, who will return as the "Voice of the Chicago Air and Water Show."

Military aircraft to be featured include F-15 Eagle Demo, F-14 Tomcat, F-18 Hornet, F-117 Stealth Fighter, B1B Bomber, B2 Bomber, C-141 Starlifter, KC-135, AH-64 Apache Helicopters, A-10 Thunderbolt.—*Chicago Mayor's Office of Special Events*

Hours: 9:00 a.m.-4:00 p.m. (tentative)	Admission: Free	Estimated Attendance: 2+ million
Where can I watch the show? Along Chicago's lakefront, from Fullerton Avenue to Oak Street, with North Avenue Beach as the focal point of the event's performances

Farmer's markets booming in Lake County

Those tired of slicing hard pink tomatoes, rejoice. Local farmer's markets are coming to your rescue.

Fruits and vegetables are in abundance this time of year and so are farmer's markets in Lake County.

Area markets bring communities an opportunity to sample produce fresh from the fields. Farmer's markets bring all the quality and benefits of roadside fruit and vegetable stands without the drive to the country.

Many markets not only offer fruits and vegetables, but a variety of other "natural" products as well, including fresh flowers, honey, cheese and more.

In Lake County there's a farmer's market happening in a nearby community every Wednesday through Saturday. Stop by one of the following markets and sample the fresh tastes of summer.

Prairie Crossings Organic Farmer's Market & Country Festival

Saturdays 9 a.m. to 1 p.m. through Sept. 29
Prairie Crossings, Grayslake, 1/2 mile south of intersection of Routes 120 and 45.

Golf
A game for everyone

Libertyville Parks and Recreation Dept.

For those just learning the sport of golf, or individuals mastering their technique, the Libertyville Golf Course at Red Top Park is the perfect place to play. Many people take advantage of various golf lessons and specialized programs in a "play at your own pace" atmosphere. Charles Sims, Libertyville Parks and Recreation Golf Professional/Course manager, has implemented special events and instructed hundreds of children, adults and seniors since his hire in 1998. There has been an overwhelming demand for more golf lessons and programs. Because of this, the Village of Libertyville Parks and Recreation Department is constructing a Golf Learning Center in addition to the Red Top nine-hole par-three course allowing more people to take advantage of quality programs and services the Libertyville Parks and Recreation Department offers.

The Golf Learning Center (GLC), which will be available for residents and non-residents, is expected to open mid-June of 2002. The GLC represents one component of the new 48 acre Libertyville Sports Complex project located at the intersection of Rte. 45 and Peterson Rd., Libertyville. GLC will feature state of the art automated artificial and natural green tees (some will be heated for winter use) as well as a private lesson area, driving range, short game and putting area.

Visitors will be able to take advantage of testing new golf equipment and accessories before purchase, as well as shop for today's golf fashions in the full service pro shop. People will also enjoy the comfort of purchasing custom fitted clubs designed to enhance individual play. Those interested in personalized beginner to advanced instruction, will be able to reserve private lessons with on-site Golf Pro Charles Sims and Assistant Golf Pro Louis Maiorano.

The GLC will prove golf is a game for everyone. From toddlers to seniors, the novice to the professional, people will be able to play on two fun filled miniature golf courses, socialize at the clubhouse with a bite to eat, practice those hard to master shots in the short game area and putting greens, have their swing analyzed for improvement, or participate in special events and programs.

The possibilities are endless.

Did you know?

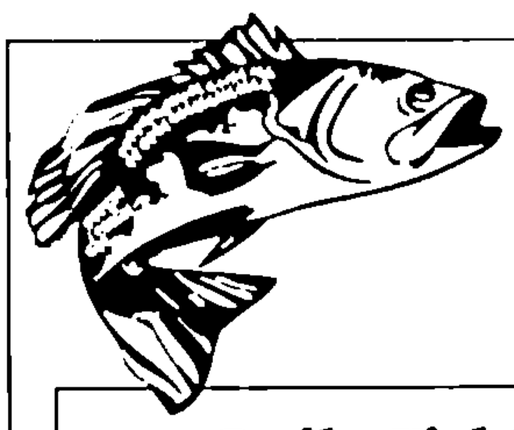

•There are 336 dimples on a regulation golf ball.

•Someone constructs 12 new golf holes every day.

•The golf ball market is worth $602 million and climbing.

Libertyville Parks and Recreation Department offers golf lessons and golf related programs to people of all ages.

State Parks Magazine now available

Residents and visitors to Illinois will find helpful information of planning a visit to a state park, lake, lodge, campground or trail in the new edition of the "Illinois State Parks Magazine," a free publication of the Illinois Department of Natural Resources.

"The annual magazine is a valuable guide to use in planning a summertime visit to a state park campground, a tour of state forest foliage in the fall, or cross country skiing along a state trail next winter," said IDNR Director Brent Manning. "The magazine highlights facilities at our major state parks, along with information on lodges, marinas, boating, hunting and fishing opportunities, and a variety of other recreational activities."

This year's 80-page edition of the magazine includes sections on state park activities and programs, lodging and dining, plants and animals, and features descriptions of state park facilities in each region of Illinois. The magazine also highlights the state's Disabled Outdoor Opportunities program, conservation and wildlife preservation initiatives, educational and cultural opportunities for children and adults, and Illinois State Museum facilities and galleries throughout the state.

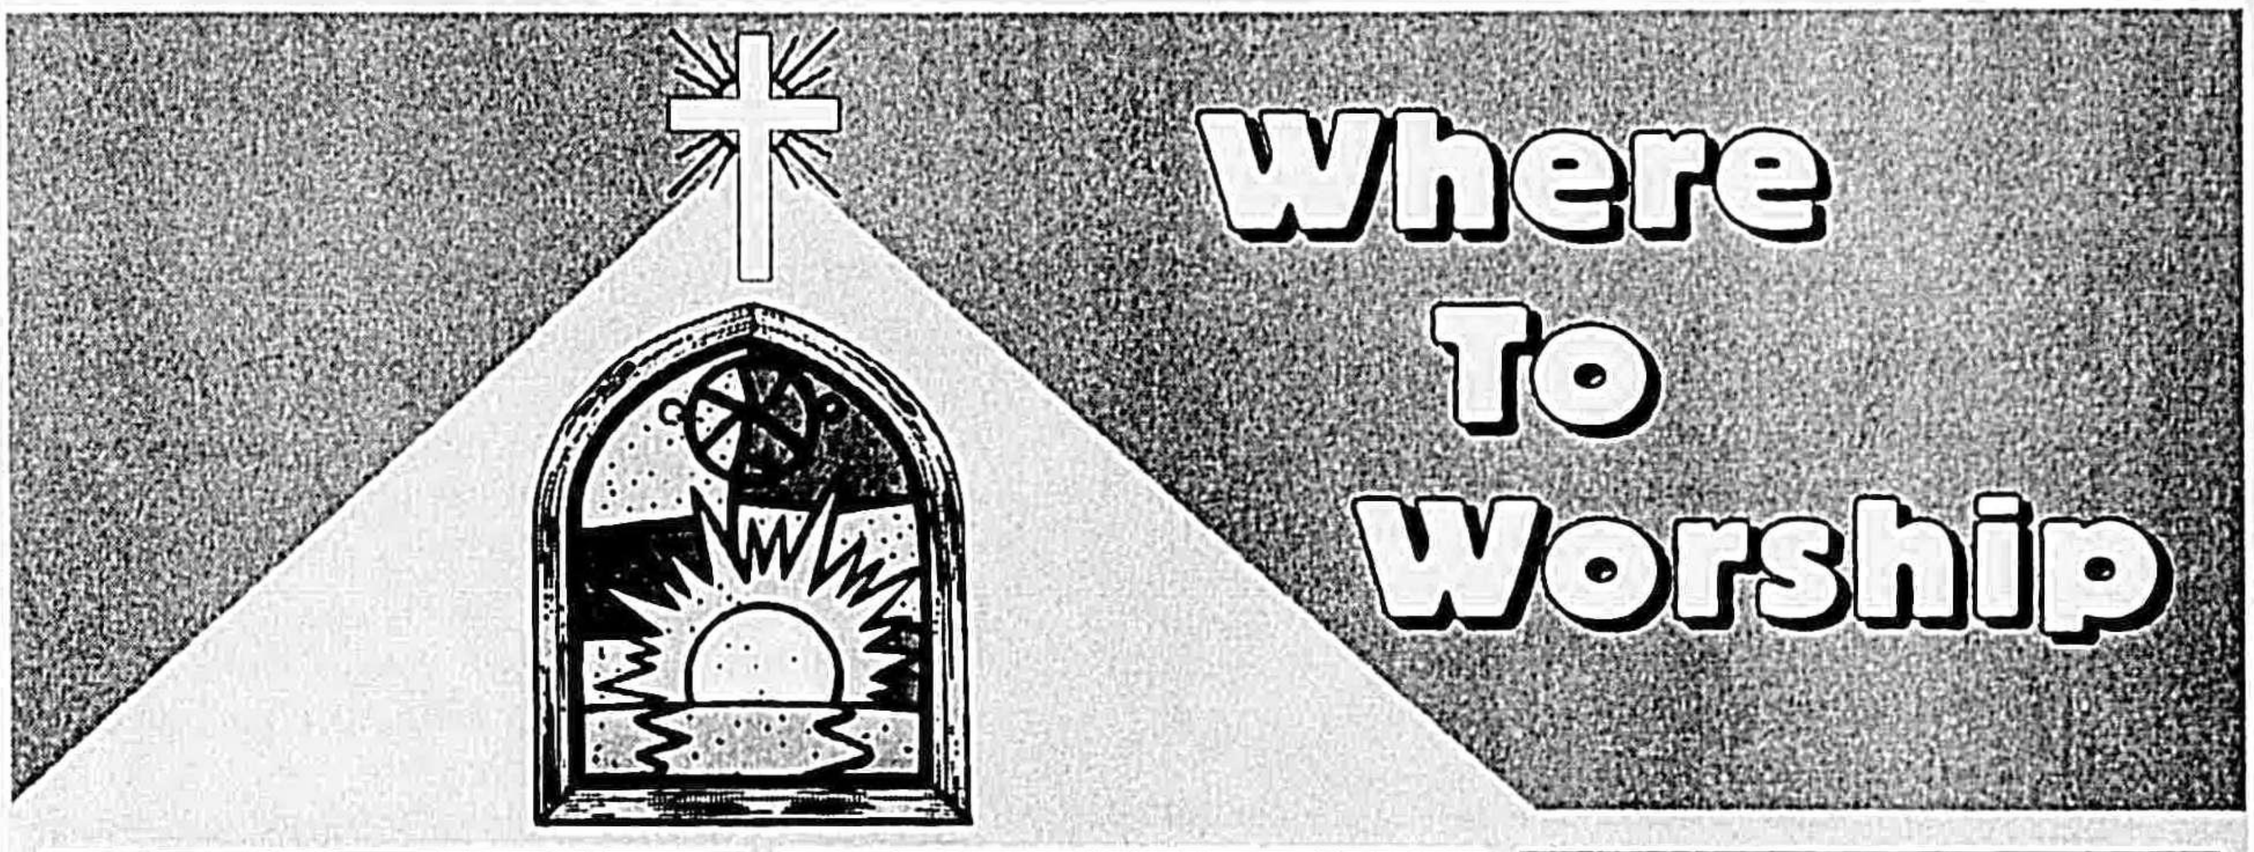

"The magazine is compact in size, fits easily into the glove compartment of the car, and includes full-color photos, maps and grids that outline all there is to do at your Illinois state parks," Manning said.

The 2001 edition of the "Illinois State Parks Magazine," with a cover photo of a colorful autumn scene at Dixon Springs State park near Golconda, is available free of charge at state parks, Department of Natural Resources offices, and at state tourist information and visitor centers. A copy of the magazine can also be obtained by mail by calling (217) 782-7498 or by e-mail to clearing@dnrmail.state.il.us.

30 plus years of boat service on Chain

For more than 30 years, Fritz and Lee Schnoor, their sons, Bill and Jeff and their daughter, Cindy have made friends with the many repeat customers that frequent their family operated marina.

The Chain O'Lakes Marina is located at 500 E. Grand Ave. in Fox Lake. This is a completely stocked marina staffed with many longtime experienced employees.

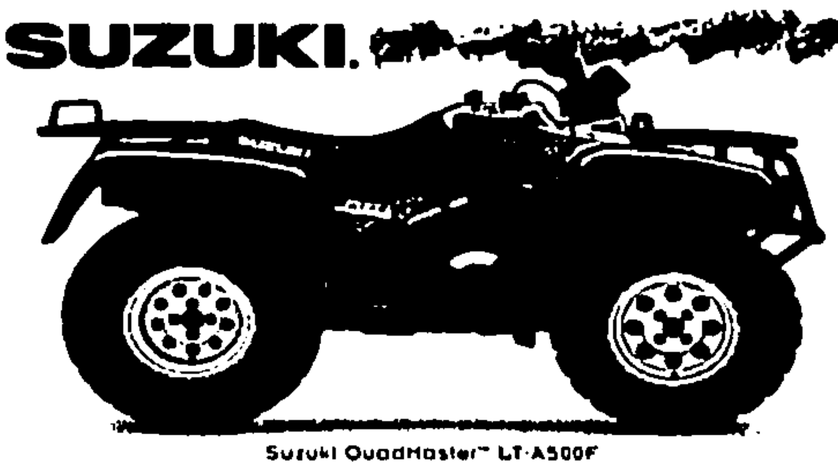

About 150 slips are available for lease each summer and they offer inside storage facilities in the off season. They also offer what they call In/Out service where they put your boat in the water, then take it out and put it back in the boat house after each use.

The marina repairs Mercury and OMC engines. Their well-trained professional mechanics work on I/Os and inboards, helping to keep your boat in top condition.

The Ship's Store has been growing like a wave in a hurricane, offering life vests and other safety equipment as well as ship's hardware and accessories, gas and oil, and many unique nautical gift items.

The marina is in operation seven days a week during the boating season, Monday through Saturday from 8 a.m.-5 p.m. and Sunday from 9 a.m.-6 p.m. Call (847) 587-6222 for more information.

Metra's Family Fares good on weekdays

Now through Labor Day taking a train to the city just got cheaper for families.

In addition to offering families their $5 Weekend Pass, where riders can enjoy unlimited rides on both Saturday and Sunday, Metra is now offering discounts for families during the weekdays.

The weekday Family Fares allow up to three children under the age of 12 to ride free with a fare-paying adult, as long as arrival in Chicago is after 9:30 a.m. On weekends, the offer still applies, and the $5 Weekend pass can be used as adult fare.

Chicago 'vacation' full of kid favorites

Impossible to get an entire week away from work? Hate to pack for vacation? Don't have a vault full of money set side for a family vacation? Within an hour of Lake County is an opportunity for a family vacation without the packing, the second mortgage, or a block of precious time. Chicago offers Lake County residents lots of fun family activities close to home.

"The Windy City" offers many tried and tested kid favorites, like the Brookfield Zoo and the Field Museum, combined with new favorites like Navy Pier and the Chicago Children's Museum.

So this summer reduce the are-we-there-yets to a minimum and the packing to an overnight bag by trying out some of Chicago's favorites and their special exhibits.

Don't let the boating season get away

Love to spend the weekend at the lake but don't have a boat? Liberty Marine Center of Grayslake can help.

Liberty Marine is the only full service marine center in Grayslake. Although not located directly on the water, a visit to Liberty Marine is worth the trip. They offer customers "old fashion" person to person service. With 11 years of experience, they can help you choose the boat that's right for you, even if you're looking for something special.

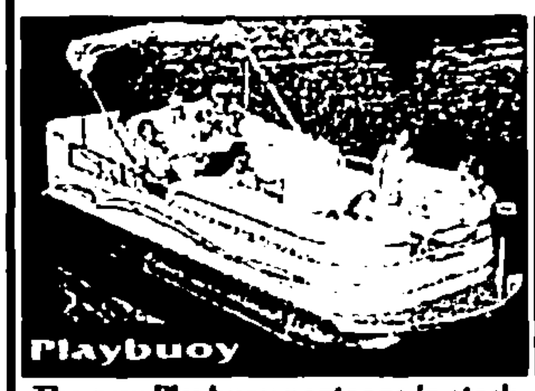

"If we don't have it in stock, we can get it here for you," says owner Steve Kreutzer.

Liberty Marine offers new, used and consignment boat sales. They also provide service, parts and detailing for your boat, along with propeller sales and repairs, trailer service and equipment. Boat storage is also available.

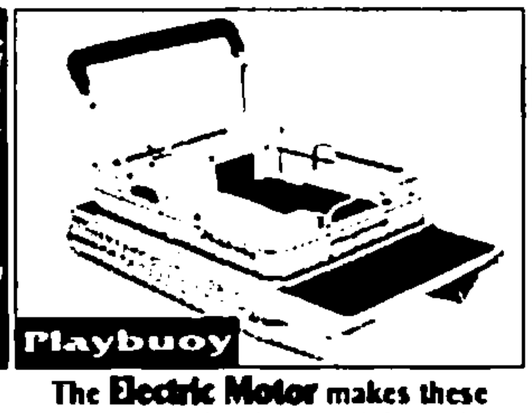

Liberty Marine is an authorized merCruiser engine and Stern Drive Service Center. If you are looking for parts, Liberty Marine has one of the largest merCruiser parts inventories in the area. They also carry a complete line of Playbuoy pontoon boats. From luxury to fishing boats, Liberty Marine has it all.

Liberty Marine Center is located at the intersection of Routes 137 and 83 in Grayslake. They are open Tuesday through Friday 9-5 and Saturday 9-3. For more information call (847) 543-1535.

CHICAGO *(Continued from page 18)*

Navy Pier/Chicago Children's Museum

Throughout the summer Navy Pier explodes with fireworks. Every Wednesday at 9:30 p.m. and Saturday at 10:15 p.m. through Labor Day the Pier celebrates with a fireworks display.

New this summer to Navy Pier Park is an 18 hole miniature golf course and Amazing Chicago, a "full sensory maze experience." Amazing Chicago, reported as a cross between a fun house and a virtual reality ride, is set in a Chicago landscape. Admission to the golf course is $6 for adults and $5 for children ages 2 to 12. Admission for Amazing Chicago is $8 for adults and $6 for children.

The Chicago Children's Museum offers a special exhibit for young space explorers. Journey to the Red Planet allows children to imagine design and create a colony on Mars. The special exhibit runs through Sept. 30. Admission to the museum is $6.50 per person. There is no additional charge for Journey to the Red Planet.

This summer Navy Pier opens two new restaurants- Billy Goat Tavern and Grill and Haagen-Dazs. Call 1-800-595-PIER for more information or visit their web site at www.navypier.com.

Brookfield Zoo

The Hamill Family Play Zoo, new this summer, is a hands-on exhibit for ages birth to 10 years. The Play Zoo provides opportunities to pet animals, build habitats, paint zoo murals, perform a play, plant gardens, discover insects and more. Additional admission is charged for the Hamill Family Play Zoo. Adults are $4 and children ages 3-11 are $2. General Admission to the zoo is $7 for adults and $3.50 for children. Call (708) 485-0263 for more information or visit their web site at www.brookfieldzoo.org.

Lincoln Park Zoo

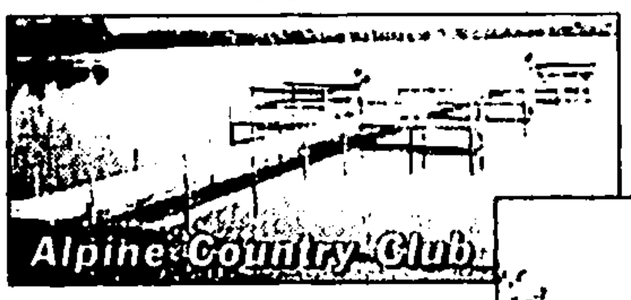

Newly opened this summer at the Lincoln Park Zoo is the Ameritech Endangered Species Carousel. The carousel is one of only a handful of such carousels created for zoos nationwide. Children can climb aboard pandas, camels, mandrills, and other animals, each of which has been hand-carved and painted specifically for the Lincoln Park Zoo. After taking a ride, children can find out more about the animals by visiting them in their zoo habitat. Each carousel rider receives a trading card featuring one of the carousel animals that includes a photo and facts about that endangered species. Admission to the zoo is free. Carousel rides are $2 per person. Call (312) 742-2000 or visit their web site at www.lpzoo.org for more information.

Museum of Science and Industry

Take a sports fan to a museum? Yes! This summer take the challenge at the Museum of Science and Industry's Science of Sport exhibit and see how you compare to the world's greatest athletes. Test your strength, endurance and skills through a variety of interactives, like rock climbing, volleyball and soccer. No additional admission is charged. Museum admission is $9 for adults and $5 for children ages 3 to 11. Admission is free on Thursdays. Call (773) 684-1414 for more

When you're searching for that extra-special gift, there is a unique little shop in Antioch that is just the place you'll want to visit—the Pickard Factory Outlet store.

Here you will have the opportunity to purchase high quality seconds and closeout products at 40-60 percent of their retail value.

China dealers say that Pickard's seconds are as "flawless" as most manufacturers' first quality selections.

All of the Pickard dinnerware patterns you've seen in upscale department and specialty stores are for sale, plus many patterns that those stores just don't have room to show.

A large selection of fine china items would make perfect gifts for any occasion is available, including coffee mugs, candlesticks, candy dishes, vases and bowls in all shapes and sizes.

Decorative plates feature various themes, such as fine art reproductions, pets and wildlife, plants and flowers, nursery rhymes, sports and many more.

Seasonal items are offered in addition to pieces decorated for every holiday of the year.

Besides all of this, the Pickard Factory Outlet Store also stocks Schott Zwiesel crystal stemware in cut and uncut designs and china accessory items such as plate frames, stands and hangers to display your china and plate savers to protect and store it.

Featured within the outlet store is an antique museum displaying many beautiful antique pieces of Pickard china and an additional section showcasing several special custom designed china services.

The Pickard Factory Outlet Store is located right on the factory premises at 782 Pickard Ave.

(A bit of trivia: Corona Ave. was renamed Pickard Ave. by the Village of Antioch in 1993 to commemorate the company's 100th anniversary).

Pickard produces a wide selection of fine china retail dinnerware as well as custom dinnerware for the food service and hospitality markets. In addition to tableware, Pickard creates exquisite executive gifts and awards for the corporate world.

Pickard China was established in Edgerton, Wis., in 1893 by Wilder Austin Pickard, and moved to Chicago in 1897. For some 40 years the Pickard China Studio, as the firm was then known, was a decorating company specializing in hand painted art pieces, dessert and tea sets.

Many of the original artists were trained at the Art Institute of Chicago or were renowned ceramic artists from all the countries of Europe.

Since most of the china was manufactured abroad at the time, the Pickard studios imported blank ware to be decorated. These early pieces are now highly sought after by collectors.

When Wilder's son Austin entered the business, he longed for the day that Pickard would not longer be dependent upon outside sources. He dreamed of manufacturing in Illinois as fine a china as could be found anywhere in the world.

In 1930, experiments began. It took seven years before the secret Pickard formula was developed—a delicate blend of many different clays and minerals considered worthy to bear Pickard's proud new lion trademark.

Further experiments produced a formula for glaze that is considered by many experts as the finest in the industry.

In 1937, production was moved to Antioch. This peaceful setting proved ideal for the painstaking craftsmanship and skilled handwork necessary to produce top quality ware.

Pickard became known for creating a beautiful warm white china along with rich decorations.

Austin's son, Henry A. 'Pete' Pickard, represented the third generation to enter the business and served as president from 1966 until his retirement in 1994. Pete's brother-in-law, Eben C. Morgan Jr., is the current president and carries on the family management that has directed the company for more than a hundred years.

Richard E. Morgan and Andrew Pickard Morgan, the founder's great-grandsons, have both joined the company and represent the fourth generation of the family in the business.

The sense of family is shared by Pickard's employees as well. Out of Pickard's workforce, 23 employees have been with the company for over 20 years, six for over 30 years and two employees have more than 40 years experience.

When a group of people spend this much time working together, they grow to feel like a family. Pickard's employees are all very proud to be part of producing "America's Finest China."

In 1977, Pickard was chosen by the U.S. Department of State to manufacture the official service of china used by our embassies and other diplomatic missions around the world.

Distinctive custom Pickard fine china services have been crafted for clients closer to home as well, including the Northern Trust and LaSalle banks, the Illinois Governor's Mansion, Lovel's restaurant of Lake Forest and the University of Illinois.

The Pickard Factory Outlet Store is open Monday through Saturday from 8:30 a.m.-4 p.m. but closed on all major holidays. To learn more about the outlet store or the Pickard company in general, you can phone (847) 395-3800, send e-mail to finest@pickard-china.com or outlet-store@pickardchina.com or visit Pickard's web site at www.pickardchina.com.

Getting the most from your tent

A good tent is a must for a satisfying camping experience. To be sure you get maximum performance, here are some very basic things to consider when you pitch a tent:

•Use a good ground cloth to protect your tent floor material and for an added layer of protection from moisture.

•Use high quality ground stakes and guy-lines to properly secure your tent, especially in windy weather.

•Look for the most level area, making sure you avoid rocks, surface roots or other ground irregularities.

•In addition to a flat surface, look for a comfortable ground cover; ideally grass or sand, even gravel, all are better than hard dirt. But do not set up on sharp rocks.

•Check prevailing winds, pitching your tent so the wind is at your back; upwind from your campfire.

•Avoid potential dangers such as overhanging branches that could fall on your tent during a storm.

Visit the Paha Qué website at www.pahaque.com for more information about tents and tent camping. — *American Outdoors News Feature.*

Illinois Storytelling Festival

July 28-29

On July 28th and 29th the Illinois Storytelling festival will transport visitors to a time before books, back to a time of storytellers skilled at spinning tales, exciting imaginations, and captivating hearts.

"The festival is about talking and telling stories," reports Karen Wollscheid, Festival Coordinator. "It has grown over the past 18 years from one tent to five."

The two-day festival features a variety of stories and storytellers.

"Every storyteller has their own style. There is something at the festival for everyone," reports Wollscheid.

Stories are told in tents at the Spring Grove Village Park. Each of the five separate tents have a unique theme. The Family Tent is where families can enjoy stories together, while the Adult Tent provides a more grown-up atmosphere. The Traditions Tent allows for elders of the community to share their stories and where visitors can also find stories told in Sign language. The Children's Tent is especially for the younger audience members, however, Wollscheid admits that this tent is one of her favorites. For a unique experience or a chance to tell your own story, you can visit the Swapping Ground Tent. An open microphone will be hosted, along with the Liar's Contest, where contestants compete for the Turkey Trophy with their "tall tales".

New this year to the festival is the Story Bus. Designed to

DUCHOW'S BOAT CENTER

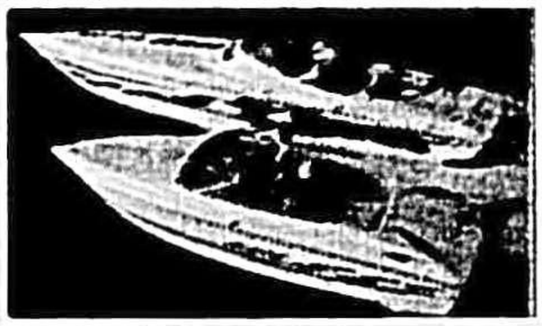

The World's LARGEST VEC Boat Dealer

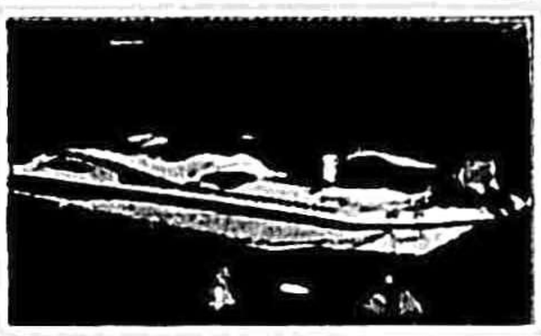

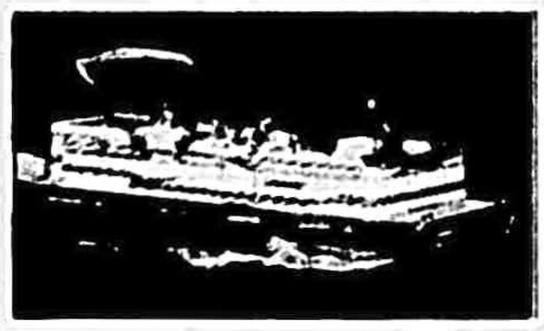

Introducing VEC Technology. It's time for a better boat.

Since the 1950's, fiberglass boats have been basically built the same way. Now there's the VEC (Virtual Engineered Composites) system, a revolutionary, proprietary technology that allows us to produce fiberglass parts that are amazingly uniform. Our new Delta VEC hull is stronger, more durable, and incredibly consistent throughout, with no weak spots or variances in density. The result is a boat that handles smoother, rides quieter, and is truly built to last. VEC technology also allows us to install components using automotive-standard methods, from the bow lights to the stern drive. You won't find this level of precision on any other boat. That's why our VEC boats comes with a transferrable lifetime limited warranty. With the VEC process, we have the technology that will revolutionize boat building. More importantly, you can have the best-built boat on the water. Contact Duchow's Boat Center today. Because this boat is like nothing you've ever seen.

STORYTELLING *(Continued from page 24)*

promote literacy, the "bus" has interactive activities, structured around the story of "The Three Little Pigs", for children 5 years and younger.

The Illinois Storytelling Festival will be held from noon to midnight on Saturday, July 28, and from 10 a.m. to 6 p.m. on Sunday, July 29. There will be square dancing from 6-8 p.m. on Saturday and ghost stories told at 9 p.m. All stories are told inside enclosed tents. Visitors can bring blankets, chairs and picnics. Food for purchase will be available, and some chairs and seating are available at the festival. Please no pets. Stories told in English and Spanish.

Tickets can be purchased in advance or at the gate. Children ages 8 and under are free. Parking is also free. For more information call (815) 344-0181 or visit their web site at www.storytelling.org for a complete festival schedule. —*By Kim Harmon*

Seafood store is a 'Fisherman's Dream'

When the fish aren't biting, don't despair. Fisherman's Dream Ltd. makes sure you still get to have a fresh fish dinner.

Fisherman's Dream Ltd. in Antioch is one of the few places in the area that specializes in fresh fish and seafood. They offer fresh, frozen and cooked seafood.

For 28 years, Fisherman's Dream Ltd. has been offering quality seafood at a competitive price. "We are about half the price of grocery stores," says owner Joe Salak.

"We have recently opened up a new deli," reports Salak. Their large deli features their own fresh baked breads and sandwiches made to order. Their deli offers quality at low prices. For your next party, give them a call and they can create a party platter for you.

Stop in for a deli sandwich or take home today's catch at Fishermans' Dream, located at 982 Route 59, near the intersection of Routes 173 and 59. They are open Monday-Thursday, 6 a.m.- 7 p.m., Friday 6 a.m.- 8 p.m. and Saturday and Sunday 9 a.m.-5 p.m. Call (847) 395-6644 for more information.

Hastings Lake YMCA focuses on family fun

Hastings Lake YMCA in Lake Villa offers a health, fitness and recreational facility with a focus on family and family values.

"Our mission is to put Christian principles into practice that will help build healthy spirits, minds and bodies for all," reports Jerome Elasch, manager of the Hastings Lake facility.

Hastings Lake YMCA, serving the community since 1922 offers a large variety of fun and educational activities. This summer Hastings Lake offers summer camps, swimming, fitness classes, group camping, music and drama, archery, water-skiing, boating, sailing, adult and youth sports, crafts and nature and more. They also offer swimming lessons, "... the best in Lake County," according to Elasch.

No only in the summer, but year round, Hastings Lake has something for the whole family.

Every Friday night from 7-9 p.m., Hastings Lake holds family nights. Families can play games, do arts and crafts and share snacks.

Stop by and check out their facility at 20517 W. Grass Lake Rd. in Lake Villa. For more information or to inquire about memberships call (847) 356-4006.

Nu-Diamond more than just glass

Nu-Diamond Glass, Inc. of Fox Lake has been serving the area for 32 years. They offer a full line of glass for your auto, business and home. Nu-Diamond specializes in hard to find specialty glass and hardware. Whatever your glass needs, owner Jim Moulton and his staff can help you.

"We can also assist customers with their window and door replacements," reports Moulton. Think of Nu-Diamond for your complete window and door needs.

Stop in and check out PetScreen. If your patio door screen takes a beating, this new product can help. Seven times stronger than standard insect screen, PetScreen resists damage by pets and provides excellent outdoor visibility. It's easy to install, or let a Nu-Diamond professional rescreen your sliding patio door for you. Call them at (847) 587-2226 for more information or a free sample.

Nu-Diamond is located at 39 S. Route 12, across from McDonald's.
